Introduction:

ASGCT is driven to provide the highest quality Annual Meeting possible. The term “Show Management” used herein and in subsequent regulations shall mean the American Society of Gene and Cell Therapy (ASGCT), its vendors or employees acting for it, and the management of the Exhibit Hall.

To validate an Exhibitor Application, the individual executing this Exhibitor Agreement warrants that he/she/they has the authority to bind contractually the organization applying for selected exhibit booth. To validate an Exhibitor Application, the individual executing this Exhibitor Agreement agrees to all the terms and conditions stated herein.

It is the responsibility of the exhibiting company to ensure that exhibit booth staff are made aware and adhere to all terms and conditions.

Show Management has full power to add, interpret, amend, and enforce these terms and conditions, provided exhibitors receive notice of any amendments made. The exhibitor agrees to abide by foregoing terms and conditions and any new amendments.

Questions regarding the exhibitor terms and conditions can be addressed to exhibits@asgct.org.

Restriction of Exhibits:

ASGCT reserves the right to: (a) reject for any reason, without explanation, any exhibit application submitted for the ASGCT Annual Meeting; (b) reject, prohibit, restrict, or otherwise require modification of any exhibit for any reason; and (c) evict or bar any exhibitor whose exhibit, materials, or conduct is objectionable to show management for any reason. Violation of any regulations on the part of the exhibitor, its employees or agents shall void the right to occupy space, and such exhibitor will forfeit to ASGCT all monies which may have been paid. Upon evidence of violation, management may re-enter and take possession of the space occupied by the exhibitor and may remove all persons and goods at the exhibitor’s risk. The exhibitor shall pay all expenses and damages which management may incur thereby.

Priority Points System:

ASGCT has implemented a priority points system for the 2027 Annual Meeting, to grant top exhibitors earlier access to the upcoming Annual Meeting’s Exhibit Hall floor plan.

Priority points standings are calculated based on exhibiting companies’ immediate prior year of participation at the most recent ASGCT Annual Meeting. A company must have been a confirmed exhibitor at the 2026 Annual Meeting in Boston, MA to participate in the 2027 Priority Points System and is subject to the point calculations below. 2026 participating exhibitors have been notified via email of their floor plan access prior to the 2027 floor plan being released to the public.

2027 Priority Point System Timeline:

Priority points for the 2027 ASGCT Annual Meeting in Boston, MA will be earned from the launch of the 2027 exhibitor application through March 12, 2026. Points earned after March 12, 2027, will be included in the following year (2028).

Point Earning System:

- Every exhibitor will receive 1 point for every 100 square feet of in-person booth space
- Island booth exhibitors receive an added half-point overall
- One half-point per \$5,000 spent on a la carte sponsorship items
- One half-point per \$10,000 spent on advertising items
- 1.5 point per \$5,000 of support for ASGCT year-round efforts in 2026 calendar year
- 1.5 points for securing a block within the ASGCT room block

Violations:

Failure to adhere to the ASGCT terms and conditions will result in immediate loss of priority points. Violations will result in the following penalties:

- 25% of total points – downsizing the size of original contracted booth
- 25% of total points – cancelling exhibitor meeting room rental
- 50% of total points – exhibitor terms and conditions violations
- 50% of total points – canvassing outside of contracted exhibit booth space
- ALL POINTS – failure to occupy exhibit booth space/no show
- ALL POINTS – for tear down of booth before official closing hours
- ALL POINTS – cancelling contracted exhibit hall booth space
- ALL POINTS – failure to adhere to the Exhibit Booth Construction Guidelines as described on pages

Mergers and Acquisitions:

Priority points will be calculated based on the official company name listed in the exhibitor contract. If a company has since merged, has been purchased or acquired by another company, the resulting company will receive the points earned by the company that had the highest points total; company totals cannot be combined. It is the responsibility of the company to submit in writing the merger/acquisition notifications to exhibits@asgct.org prior to March 12, 2027.

Companies that belong to a parent company with other divisions participating at the ASGCT Annual Meeting cannot reserve an in-person exhibit space under the parent company's points.

Opportunity to Earn Additional Priority Points through Year-Round Support:

Exhibitors at the ASGCT Annual Meeting will have the opportunity to earn additional priority points for earlier access to the 2028 Annual Meeting's booth application and exhibit hall floor plan. Exhibiting companies who pledge support to one of ASGCT's year-round efforts in the 2027 calendar year (i.e. Policy Summit, Patient Education, Hybrid Events, etc.) will receive additional priority points added to their final total for 2027. Exhibiting companies will earn an additional 1.5 priority points per \$5,000 contributed to one of ASGCT's year-round efforts. Exhibitors participating in the year-round promo can earn up to 7.5 priority points total for \$25,000 of support. Any support past \$25,000 will not earn additional priority points. Please direct any questions regarding your priority points to exhibits@asgct.org.

Exhibiting companies that fail to occupy the contracted exhibit space will be charged for the expenses incurred by ASGCT to cover the space with carpet and convert it to a usable area, based on the size of the area. Any exhibitor who anticipates a delay in setting up must notify ASGCT immediately to exhibits@asgct.org.

Subletting and Sharing of Exhibit Space:

Subletting, assignment, or apportionment of the whole or any part of an exhibit booth is prohibited. No exhibitors may permit any other party to exhibit in their space and/or advertise, solicit, link to, or display any goods other than those manufactured or handled by the contracting exhibitor. Only one company name and corresponding brand is permitted per contracted exhibit

booth space. Only exhibitors approved by ASGCT whose name appears on the Exhibitor Application may be listed on the exhibitor directory and on in-person booth ID signs.

Parent companies and their wholly owned subsidiary companies are the exception. Two or more companies may be allowed to share an exhibit booth if the number of 10'x10' exhibit spaces are equal to or greater than the number of companies sharing the booth space. Only the company submitting the Exhibitor Application for this shared space will be listed on the exhibitor directory, exhibit hall floor plan, and on in-person booth ID signs.

Exhibit Hall Floor Plan Revisions:

Show Management has the right to revise the exhibit hall floor plan and relocate assigned exhibitors at its discretion. All actions by ASGCT regarding relocated space will be communicated to the primary exhibit contact.

Booth Construction and Dismantling:

All exhibit booth space is sold as unfurnished, and electricity is not included.

Every exhibit space should allow for the visibility of other spaces to ensure that every exhibitor has reasonable site lines to the aisle. Show Management has the right to restrict exhibits that are objectionable for any reason, and to remove any display that detracts from the general character of the exhibits. All exhibitors must conform to the [Guidelines for Display Rules and Regulations](#) set by the International Association of Exhibits and Events (IAEE).

Exhibitor Service Manual:

The Exhibitor Service Manual includes forms from the official decorator, Heritage Exposition Services, and other vendors to order lead retrieval devices, internet, A/V, furnishings, electricity, food and beverage, and more. The Exhibitor Service Manual will be distributed to confirmed exhibitors starting in December 2026. Exhibitors must adhere to the guidelines, rules, and regulations set in the Exhibitor Service Manual.

Convention Center Rules and Regulations:

Exhibitors are required to adhere to the rules and regulations outlined in the [Pennsylvania Convention Center guidelines](#).

Inline Booth (Linear 10'x10' booths, including corner booths):

Exhibitors may reserve up to three adjacent in-line booths. Non-island booths include an 8ft high drape, 3ft high side dividers, and a 7"x44" one-line identification sign. Any pipe and drape color customization, other than the standard color provided by ASGCT, within a contracted exhibit space can be made at the expense of the exhibitor in the Exhibitor Service Manual. Corner booths will not have the outside 3ft high side divider installed.

All booth materials must stay within the contracted booth space. Pop up banners, flyers, or other advertising materials cannot be displayed or distributed within the exhibit hall or convention center. Any materials found outside of an exhibitor's contracted booth space will be removed by ASGCT Show Management and result in a 50% loss of priority points for next year's Annual Meeting. Display materials within the booth should be arranged in such a manner to not obstruct sight lines of neighboring exhibitors.

The maximum back wall height of 8ft is allowed only in the rear half of the booth space. This includes an 8ft height restriction on lights, flags, graphics, etc. All display features and accessories taller than 4ft high must stay in the back 5ft of your booth space. There is a 4ft side wall height restriction on all display features in the first 5ft of your booth from the front line/aisle. When three linear booths are used in combination as a single exhibit space, the 4ft height limitation is applied only to that portion of exhibit space which is within 10ft of an adjoining booth.

Any wing panels extending from the back wall of an exhibit display must be draped to avoid raw exposure to a neighboring booth. If the exhibitor does not comply, ASGCT will instruct Heritage Exposition Services to drape the area at the exhibitor's expense.

No part of any equipment, or signs relating thereto, shall be posted, nailed, or otherwise attached to columns, walls, floors, or other parts of the building or its furniture. Damage arising from failure to observe these terms shall be payable by the exhibitor.

Inline Booth Design Limitations:

Island booths must be constructed to allow access from all sides and have sufficient (or 50%) see-through areas to not block the view of adjacent exhibits. The tallest ground level structure cannot exceed 16ft from the exhibit hall floor and cannot block visibility from ASGCT's signs. - Dimensions of any structure/item taller than 4ft
- Clear labels identifying all structures/items in booth
- All measurements must be shown in feet and inches

ASGCT has the right to request changes at the exhibitor's expense if it doesn't meet the standards stated herein and the [Guidelines for Display Rules and Regulations](#) set by the International Association of Exhibits and Events (IAEE). If renderings are not submitted, Show Management reserves the right to prohibit construction of the exhibit and is not obligated to provide a refund or any other type of restitution. Island booths will undergo an onsite inspection, and any necessary adjustments must be completed before the exhibit hall opens. The costs associated with these required modifications will be the responsibility of the exhibitor.

No part of any equipment, or signs relating thereto, shall be posted, nailed, or otherwise attached to columns, walls, floors, or other parts of the building or its furniture. Damage arising from failure to observe these terms shall be payable by the exhibitor.

Hanging Signs:

Hanging signs are only permitted for island booths. The top of the hanging sign must not extend more than 20ft from the exhibit hall floor and cannot block visibility from ASGCT's signs.

Island booths will undergo an onsite inspection, and any necessary adjustments must be completed before the exhibit hall opens. The costs associated with these required modifications will be the responsibility of the exhibitor.

Engineering Stamp for Renderings:

Based on guidelines from the Exhibition Services and Contractors Association (ESCA), all hanging sign renderings will be required to hold an engineering stamp for approval.

Flooring must be purchased by the exhibiting company at their own expense. A carpet order form will be included in the Exhibitor Service Manual. If an exhibitor's floor space is not covered on the day prior to the Exhibit Hall opening, ASGCT will instruct Heritage Exposition Services to carpet the exhibit booth at the expense of the noncomplying exhibitor.

Exhibit Booth Materials:

All materials must be flame retardant or fabricated from fireproof materials. Any material that cannot be made flame retardant is prohibited. Exhibitors are required to have a flame-retardant certificate available for review at all times.

Floor Loading:

Under no circumstances may the weight of any equipment or exhibit material exceed the specified floor load limit of the exhibit hall per the [Pennsylvania Convention Center guidelines](#).

Lighting:

No lighting, fixtures, lighting trusses, or overhead lighting are allowed outside the boundaries of the exhibiting companies' contacted exhibit space. Inline booths have an 8ft height restriction on lights, flags, graphics, etc, as noted on page 6 in the Inline Booth (Linear 10'x10' booths, including corner booths) section. Any pop-up displays with back-lit LED lighting must have a solid back wall to prevent any back lighting from spreading into adjoining exhibitor's booth or main aisle. If any light from one exhibit booth display spreads to another exhibit booth or main aisle, additional pipe and drape will be required at the exhibitor's expense. Lighting that is potentially harmful, such as lasers, ultraviolet lights, flashing or strobe lights, are prohibited from the Exhibit Hall.

Exhibitors intending to use hanging light systems should submit digital rendering and architectural plans to the Exhibitor Console by March 31, 2027.

Exhibitors are allowed to use sound equipment if noise levels do not disrupt the activities of neighboring exhibitors. Sound and noise should not exceed 85 decibels when measured from the aisle immediately in front of a booth. Electrical or other mechanical apparatus must be

muffled so noise does not interfere with other exhibitors. If an exhibitor cannot ensure that the noise within their exhibit booth will not exceed the 85 decibels, the use of headphones is strongly encouraged by ASGCT Show Management. Show Management has the right to request adjustment of sound levels for those violating noise regulations.

Signs, banners, posters, or flyers advertising a booth may not be posted or displayed at any location inside the convention center other than the exhibitor's booth. Security:

ASGCT will provide 24-hour general security for the perimeter of the Exhibit Hall (not booths). This includes general security during move-in, exposition hours, and move-out. Show Management and the Pennsylvania Convention Center shall not be liable for any of the exhibitors' property. Recommended security tips:

- Have booth staff available when your freight is being delivered
- Do not leave personal items (laptops, cell phones, etc.) unattended or in your exhibit booth space overnight
- At the end of each day, remove any collected business cards and lead retrieval scanning devices
- Label your boxes correctly during move-out and stay with your freight until it is loaded

Access to the Exhibit Hall:

The Pennsylvania Convention Center requires that all event organizers, general contractors, suppliers, and exhibitors on the property display appropriate credentials at all times. Exhibitors must always wear the official ASGCT badge inside the Exhibit Hall and at the Pennsylvania Convention Center. All badges are nontransferable and are the sole property of ASGCT. ASGCT reserves the right to revoke any badge at any time. Access to the Exhibit Hall during move-in and move-out times are restricted to the published hours.

Due to security reasons, only the official ASGCT Annual Meeting lanyard can be worn during the live event. No exhibitor company branded lanyards or company branded items attached to the ASGCT lanyard or exhibitor badges are allowed. Only ASGCT provided pins, ribbons, and decals may be attached to delegate and exhibitor badges.

Americans With Disabilities Act:

All exhibiting companies are required to follow the Americans with Disabilities Act (ADA), and are encouraged to be as accommodating as possible, to attendees with disabilities.
