## YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE.

The terms and conditions set forth below become a part of the contract between HERITAGE exposition services and you, the exhibitor. Exhibitor is deemed to have accepted these terms and conditions when any of the following conditions are met:

- The material handling service agreement is signed;
- Exhibitor's materials are delivered to the HERITAGE warehouse or to a show or exposition site for which HERITAGE is the official show contractor, or
- An order for labor and/or rental equipment is placed by exhibitor with HERITAGE.

1. **DEFINITIONS.** For purposes of the Contract, "HTG" means HERITAGE Exposition Services, Inc., d.b.a. HERITAGE Trade Show Services, HERITAGE, Heritage Exposition Services, HES Logistics, and their respective employees, directors, officers, agents, assigns, affiliated companies, and related entities including, but not limited to, any subcontractors HTG may appoint. The term "EXHIBITOR" means the Exhibitor, its employees, agents, representatives, and any Exhibitor Appointed Contractor ("EAC"). Cold Storage: Holding of Goods in a climate controlled area; Accessible Storage: Holding of Goods in an area from which Goods may be removed during shows; Services: Warehousing, transportation, drayage, un-supervised labor, supervised labor and/or related services; Show Site: The venue or place where an exposition or event takes place; Supervised Labor (OK TO PROCEED): Union labor that is provided to a Customer to install or dismantle a booth or exhibit space, and is supervised and/or directed by HTG; Un-Supervised Labor (do not proceed): Union labor that is provided to a Customer to install or dismantle a booth or exhibit space and pursuant to Customer's election is not supervised and/or directed by HTG. Customer assumes the responsibility and any liability arising therefrom, for the work of union labor when Customer elects to use un-supervised labor.

2. **SCOPE.** These Terms and Conditions shall be binding upon Exhibitor, HTG, and their respective Agents and representatives, including but not limited to Exhibitor contracted labor, EAC's or Installation and Dismantle Companies, and any other party with an interest in the Goods. Each shall have the benefit of and be bound by all provisions stated herein, including but not limited to time limits and limitations of liability.

3. Payments are due prior to delivery of services or equipment to EXHIBITOR unless other credit arrangements have been made. All payments shall be in U.S. currency, MasterCard, VISA, American Express or Discover credit cards, debit cards, or check, provided there is sufficient customer credit in EXHIBITOR's form of payment to completely satisfy the amount owed by EXHIBITOR to HTG. Undersigned authorizer acknowledges and agrees that all applicable charges for services rendered to the EXHIBITOR will be applied to the credit card on file in the event other form of payment is not tendered prior to the close of the trade show. In no instance shall any EXHIBITOR be extended credit beyond 30 days after the close of the Show. If there are any outstanding balances owed by EXHIBITOR to HTG which have not been paid after 30 days following the close of the Show, then these unpaid balances shall bear interest at the rate of 1-1/2% per month (18% per annum).

4. Any discrepancy in items ordered and items received or any complaint or question concerning services, etc., must be reported to the HTG Service Center at the show, in writing, immediately upon noting same. Problems will be resolved and/or any valid adjustments in EXHIBITOR's account will be made at that time, and approved by the HTG Project Manager in charge. Credits and adjustments will not be made based on information received after the Show. Exhibitors who cancel prior to Exhibitor Move-In will be refunded 100% of their advance payment. No refunds will be made for cancellations received once Exhibitor move-in begins or at show site, unless otherwise noted on the specific service form. In the event the exposition or event is cancelled or postponed, HTG reserves the right to charge for services rendered in preparation of the event or exposition as well as non-refundable costs incurred by HTG. Prior to any refunds being paid to EXHIBITORS, these cancellation and/or postponement charges will be determined in good faith by HTG and withheld from any amounts previously paid by EXHIBITOR to HTG in proportion to receipts from all exhibitors with the excess being refunded. EXHIBITOR should be advised that routine audits of Exhibitor booths for service usage are conducted during the Convention. Should the result of such an audit indicate that equipment or services is in fact being used that has not been paid for, the Exhibitor will be charged for the equipment or service at the applicable rate.

5. HTG reserves the right to discontinue one or all services or equipment delivery to EXHIBITOR for non-payment of one or more outstanding bills should such bill not be paid before the close of the first day of the Show. Payment for any one or more of the services rendered does not in anyway release EXHIBITOR from payment of the other remaining services upon presentation of an invoice. Should it become necessary after all discrepancies are resolved to employ a collection agency, then EXHIBITOR agrees that all reasonable and customary collection fees shall be borne by EXHIBITOR.

6. **CHOICE OF LAW & VENUE.** Any dispute between HTG and EXHIBITOR shall be governed by the laws of the State of Missouri (without regard to Missouri's conflicts of laws principles). Venue of any action between HTG and EXHIBITOR shall lie exclusively in the state or federal courts located in St. Louis, Missouri and HTG and EXHIBITOR agree that all reasonable attorney's fees shall be borne by the prevailing party.

7. **LIMITATION OF LIABILITY & INDEMNITY.** HTG shall not be liable to any extent whatsoever for any actual or potential loss of profits or revenues, or for any collateral costs or consequential damages, which may result from (1) any loss, injury or damage to EXHIBITOR's materials or (2) EXHIBITOR's ability to carry-on in its normal business practices. Additionally, HTG shall not be liable for (1) any loss, damage or delay as a result of fire, lightning, strikes, riot or civil commotion or any other cause or condition beyond the control of HTG, (2) damage to uncrated materials, materials improperly packed, or (3) concealed damage, or loss, theft or disappearance of EXHIBITOR's materials while at the show or EXHIBITOR's materials are in EXHIBITOR's possession or are located within or near the confines of EXHIBITOR's booth. HTG's liability shall be limited to any loss or damage which results solely from HTG's negligence in the actual physical handling of EXHIBITOR's materials and not from any other type of loss or damage. HTG does not assume any liability for any loss or damages to electronics, monitors, or devices. HTG's maximum liability for any cause shall be limited to \$0.30 per pound per article with a maximum liability of \$50.00 per item or \$1,000.00 per shipment. HTG shall not be responsible for loss, theft, or disappearance of materials before they are picked up from EXHIBITOR's booth or for reloading after the show. Bills-of-lading covering outgoing shipments, which are furnished to HTG by EXHIBITOR, will be checked at the time of actual pickup from the booth and corrections made where discrepancies occur. Any claims for loss, injury or damage must be submitted to HTG within thirty (30) days of the close of the show in which the loss, injury or damage occurred, or such claims shall be waived. No suit or action for the recovery of any claims arising out of or related to bodily injury, death, or property damage shall be brought against HTG more than one year after the accrual of the cause of action. EXHIBITOR agrees to indemnify and hold harmless HTG against any and all claims, suits, liabilities, or damages, including reasonable settlements and reasonable attorney's fees, arising out of negligence or any other cause on the part of the EXHIBITOR, subcontractors, suppliers, employees

or any individual or company under the control directly or indirectly of the EXHIBITOR at the show.

a. Cold Storage: Goods requiring cold storage are stored at Customer's own risk. HTG assumes no liability or responsibility for Cold Storage. b. Accessible Storage: HTG assumes no liability for loss or damage to Goods while in Accessible Storage. Storage charges are for the use of space and are not a form of insurance, or a guarantee of security. c. Unattended Goods: HTG assumes no liability for loss or damage to unattended Goods received at Show Site at any time from the point of receipt of inbound Goods until the loading of the outbound Goods, including the entire term of the respective show or exhibition. Customer is responsible for insuring its own Goods for any and all risk of loss. d. Empty Storage: HTG assumes no liability for loss or damage to Goods or crates, or the contents therein, while containers are in Empty Storage. It is Customer's sole responsibility to affix the appropriate labels available at the HTG Service Desk for empty container storage, and ensures that any pre-existing empty labels are removed. e. Forced Freight: HTG is not liable for Customer Goods left on the show floor after the show closing deadline, with or without a Material Handling Services/Straight Bill of Lading signed by Customer. It is Customer's responsibility to complete accurate paperwork for shipping to ensure Customer Goods are properly labeled. f. Concealed Damage: HTG shall not be liable for concealed loss or damage including but not limited to glass, electronic equipment, prototypes, original art, uncrated Goods, or improperly packaged or labeled Goods. g. Unattended Booth: HTG shall not be liable for any loss or damage occurring while the Goods are unattended in Exhibitor's booth at any time, including, but not limited to, the time the Goods are delivered to the dock until the time the Goods are received by Exhibitor's selected carrier. h. Labor: HTG assumes no liability for loss, damage, or bodily injury arising out of Exhibitor's supervision of HTG provided union labor. i. Notice of Loss or Damage: In order to have a valid claim, notice of loss or damage to Goods must be given to HTG or its agent within 24 hours of occurrence (as evidenced in an Incident Report completed at Show Site by HTG) or delivery of outbound Goods.

8. **ADVANCED WAREHOUSING/TEMPORARY STORAGE:** HTG assumes no liability or responsibility for loss or damage to Goods delivered to the Advance Warehouse or other similar Temporary Storage facilities.

9. EXHIBITOR recognizes that HTG provides services as EXHIBITOR's agent and not as bailee or shipper. If any employee or subcontractor of HTG shall sign a delivery receipt, bill-of-lading, or other document, EXHIBITOR agrees that these signatories will do so as EXHIBITOR's agent, and EXHIBITOR accepts the responsibility thereof. HTG or its subcontractors are authorized to note the quantities or condition of items on the EXHIBITOR's bill-of-lading when the actual count or condition of such items do not conform to the amount or amounts recorded by EXHIBITOR. Correct weights with Weight Certificate must be provided, otherwise HTG's or its subcontractor's estimate will prevail in the event of any weight discrepancy.

10. Exhibitor permits all contact information provided to HTG to be used by HTG and shared with other entities assisting in the production of the event in question. Email communications may include show information, promotional materials, advertising statements and other commercial notices. Permission may be revoked by the EXHIBITOR in writing.

11. In the case of bills submitted to parties other than the EXHIBITOR (i.e., Third Parties), such arrangements in no way release EXHIBITOR from any and all of the terms and conditions outlined herein.

12. **REFUNDS:** EXHIBITOR shall receive a full and complete refund of any overpayments following final audit after the close of the Show. HTG will remit refunds to EXHIBITOR at the name and address indicated on the Exhibitor Data Sheet. EXHIBITOR will receive a refund for any extra overpayment above and beyond the amount which EXHIBITOR owes to HTG. Also provided for the EXHIBITOR with the final refund shall be a final accounting showing the services or equipment ordered.

13. **CREDIT CARD:** HTG is pleased to accept orders for services, with payment being made by a credit card. By paying for these services in advance, and adhering to the deadline date, you have taken advantage of the discount offered. However, if a payment is subsequently made by check with the intention of reversing the initial credit card payment, there will be a fee assessed for each subsequent transaction following the initial transaction. The fee to reverse the credit card payment and replace it with a check or an alternate credit card is as follows: If the credit card charge is \$1.00 to \$500.00 the fee is \$25.00, \$501.00 to \$1,000.00 the fee is \$30.00, \$1,001.00 to \$2,000.00 the fee is \$60.00, \$2,001.00 to \$5,000.00 the fee is \$150.00, \$5,001.00 to \$10,000.00 the fee is \$300.00, \$10,001.00 to \$20,000.00 the fee is \$450.00. Amounts over \$20,000.00 the fee is 4% of the amount owed.

14. **Insurance:** It is understood that HTG is not an insurer. Insurance should be obtained by the EXHIBITOR. It is highly recommended that exhibitors arrange All Risk coverage which usually can be done by endorsements to existing policies. EXHIBITOR's materials should be insured from the time they leave their firm until they are returned after the close of the show. Insurance and liability against theft or property damage to equipment or exhibit material owned or rented by EXHIBITOR, or bodily injury occurring within the confines of EXHIBITOR's booth, remain the sole and complete responsibility of EXHIBITOR. Except where prohibited by law, the EXHIBITOR and its insurers waive all rights of recovery or subrogation against HTG and their respective directors, officers, employees, and agents.

15. By completing and submitting the service forms, Exhibitor hereby authorizes HTG as its Exhibitor Appointed Contractor to process and pay for those services on behalf of the Exhibitor as a third party.

16. HTG Reserves the right to adjust the price charged for any item in the event of a sudden and unexpected price increase. By way of example without limiting the foregoing, in the event fuel prices escalate in a rapid manner, the price of any individual item may be adjusted to reflect the impact of higher fuel prices. Additionally, HTG reserves the right to pass through to Exhibitor any incremental charges or fees levied by the facility, suppliers or other third parties.

**Please read, complete, and submit this authorization form with required documentation for each contractor (see below) to HERITAGE if hiring a service contractor(s) other than the official contractor selected by show management. Note: For services such as electrical, plumbing, telephone, cleaning and material handling, no contractor other than the official contractor will be approved. This regulation is enforced as equipment and facilities are the sole responsibility of the respective owner. The exhibitor shall control only the material and equipment that he/she owns and that is to be used in the exhibit space.**

Official Service Contractors are appointed to perform and provide necessary services and equipment. The Official Service Contractor will provide all usual trade show services, including labor. Supervision, however, may be provided by the exhibitor. The exhibitor may appoint either the official contractor for supervision or a qualified non-official contractor.

**Official Show Contractors:**

- Ensure orderly and efficient installation and removal of exhibits.
- Assure the distribution of labor to all exhibitors according to need.
- Provide sufficient labor to satisfy the requirements of exhibitors and for the show itself.
- See that the proper type and limit of insurance are in force.
- Avoid any conflict with local union regulations and requirements.

Should an exhibitor wish to employ the services of a contractor other than the Official Show Contractor, the following conditions must be met:

- The exhibitor must inform Heritage of the name and address of the contractor and the work to be performed by completing the Authorization below. The Authorization must be received by Heritage no later than 30 days prior to the show. If notification is not received 30 days prior to the show, Heritage labor must be used for all work and the exhibitor appointed contractor will be permitted to supervise only.

**The contractor hired by the exhibitor must**

- Provide no later than 30 days prior to the show a Certificate of Insurance with at least the following limits:
  - Commercial Liability not less than \$1,000,000 each occurrence/\$2,000,000 general aggregate, Workers Compensation Insurance, including Employer's Liability coverage, in a minimum amount not less than \$1,000,000; Auto Liability not less than \$1,000,000 each occurrence, naming HERITAGE (the General Contractor), Show Management, Facility, and Organizer as additional insured, except for Workers Compensation.
  - Agree to abide by all rules and regulations of the show and union rules and regulations.

This form must be accompanied by the insurance certificate. Please obtain this certificate from your insurance carrier and send with this form.

**WHAT IS MATERIAL HANDLING?** Material handling is the process of receiving your materials, either at the warehouse in advance of the show or at show site during move-in; delivering them to your booth; removing empty containers for storage during the show; returning the empty containers to your booth after the show; delivering your materials back to the dock; and loading for outbound shipping. Charges are determined by weight and ease of handling.

### **EMPTY REMOVAL INSTRUCTIONS**

All exhibitors must have all crates tagged for empty storage by 1 hour prior to end of exhibitor move-in.

NOTE: Exhibitors will be subject to a surcharge of up to 20% of the total freight invoice if crates are not tagged for removal by set deadline.

Any shipment not handled by Heritage, but for which Heritage is required to handle storage of the empty shipping containers, a charge of \$50.00 per crate, case, box, or carton will be assessed.

### **CERTIFIED WEIGHT TICKETS**

In the event that no weight tickets or inaccurate weight tickets are indicated on the delivery documents presented, Heritage shall estimate the weight or re-weigh, and charges shall be based upon the estimates. The estimated weight shall be final and binding if actual scale weight figures are not submitted prior to the close of the show. All shipments received at the warehouse and show site are subject to re-weigh.

### **INSURANCE**

It is understood that Heritage is not an insurer. Insurance, if any, should be obtained by the exhibitor. It is suggested that exhibitors arrange All Risk coverage. This can be done by endorsements to existing policies. Exhibitor's materials should be insured from the time they leave their firm until they are returned after the close of the show.

### **INBOUND SHIPMENT(S)**

Consistent with trade show practices, there may be a lapse of time between the delivery of shipment(s) to the booth and the arrival of the exhibitor or his/her representative. During this time, the materials will be left unattended. Heritage will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material after it has been delivered to the exhibitor's booth.

### **OUTBOUND SHIPMENT(S)**

Heritage will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material between the time it is packed and when it is picked up and loaded. If found liable for any loss, Heritage's sole and exclusive MAXIMUM liability for loss or damage to EXHIBITOR'S materials and EXHIBITOR'S sole and exclusive remedy is limited to \$.30 (USD) per pound per article with a maximum liability of \$50.00 (USD) per item, or \$1,000 (USD per shipment), whichever is less.

**LIABILITY**

- Shipments delivered or consigned direct to the dock or warehouse address are subject to the following: Heritage shall not be liable for loss, damage or delay due to fire, acts of God, strikes or causes beyond its control. Furthermore, Heritage maximum liability is limited to \$0.30 per pound per article, with a maximum of \$50.00 per item or \$1,000.00 per shipment, while these goods and materials are in the warehouse or in vehicles during delivery to or from the convention facility.
- Heritage shall not be responsible for damage to uncrated materials, improperly packed materials or concealed damage.
- Heritage shall not be responsible for loss, theft, or disappearance of materials after same has been delivered to the exhibitor's booth.
- Collect shipments will not be accepted. Send freight prepaid.
- Direct carrier shipments must have certified weight tickets. If correct weights are NOT provided, receiver's estimates will prevail. Mixed shipments arriving on van lines must have certified weight tickets separating weights of crated items from loose and uncrated items. Weights not broken out will be charged at "loose and uncrated" rates.
- NO LIABILITY IS ASSUMED for shipments without receipts, freight bills, or specific counts such as UPS or van lines.
- Empty container labels will be available at Heritage Service Desk. Affixing the labels is the sole responsibility of the exhibitor or his representatives. All previous labels should be removed or obliterated. Heritage assumes no responsibility for:
  - Error to above procedures.
  - Removal of containers with old empty labels and Heritage labels.
  - Improper information on empty labels.
  - Material stored in containers with empty labels.
- To expedite removal of materials, Heritage shall have authority to change designated carriers.
- Heritage has Right of Preference into and out of show-site building to prevent tie-ups and provide an orderly operation for the show.
- Exhibitors have the responsibility of arranging for outgoing shipments.
- Make sure materials are properly crated and labeled before turning in Bills-of-Lading to freight desk. This prevents shipping out empty crates.
- Acceptance of Bills-of-Lading by Heritage freight desk does not represent acceptance of counts on the bill. All outgoing freight will be counted by designated carrier at the booth, notifying Heritage of any adjustments. Heritage is not responsible for security of exhibitor freight that is left unattended in the booth while waiting for the designated carrier.
- Heritage shall not be liable to any extent whatsoever for any actual, potential, or assumed loss of profits or revenues, or for any collateral costs, which may result from any loss or damage to an exhibitor's materials which may make it impossible or impractical to exhibit same.
- Claims for loss or damage must be submitted to Heritage prior to the close of the Show. No suit or action shall be brought against Heritage more than one (1) year after the accrual of the cause of action.
- Any claims regarding material handling services will be adjudicated on its own merits and shall not impact payment for any other services due.

**ALL CHARGES ARE THE RESPONSIBILITY OF THE EXHIBITING COMPANY FROM WHOM MATERIALS HAVE BEEN RECEIVED AND HANDLED.**

**HERITAGE RESERVES THE RIGHT TO SHIP MATERIALS WITH OFFICIAL SHOW CARRIER IF EXHIBITOR CARRIER DOES NOT CHECK IN BY THE APPOINTED DATE AND TIME.**

---

- **Crated:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with **no special handling required.**
- **Special Handling:** Applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, or stacked shipments. Also included are mixed shipments and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver. **Federal Express (FedEx), UPS, USPS and DHL are included in this category due to their delivery procedures.**
- **What about carpet/pad only shipments?** Shipments that consist of carpet and/or carpet padding only require additional handling because of additional labor and equipment to unload.
- **What is a Small Package?** (30lbs. maximum per package) Letters or small packages received at show-site **during show hours only.**
- **What is a Cartage Company?** Freight forwarders, as well as, other carriers, will often outsource the delivery of their freight to third party cartage companies. Cartage companies provide local pick-up and delivery services to and from the event venue, as well as, other locations. In most cases, cartage companies will consolidate shipments from multiple carriers onto a single truck. Due to their loading/unloading procedures, these shipments may fall into the additional handling category.
- **What is Ground Loading/Unloading?** Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.
- **What is Constricted Space Loading/Unloading?** Trailer loaded “high and tight” shipments that are not easily accessible. Freight is loaded to full capacity of trailer - top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.
- **What is Designated Piece Loading/Unloading?** Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.
- **What is Alternate Delivery Location?** Shipments that are delivered by a carrier that requires pieces to be delivered to different areas/levels in the same building, or to other venues (such as a hotel near an event venue).
- **What are Stacked Shipments?** Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or “cubed out” shipments, loose items placed on top of crates and/or pallets constitute special handling.
- **What are Multiple Shipments?** Multiple shipments on a truck do not automatically indicate special handling, unless the shipments are mixed on the truck, failing to maintain shipment integrity and/or have multiple deliver areas.
- **What are mixed shipments?** Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling.
- **What does it mean if I have No Documentation?** Shipments arrive from a small package carrier (including, among others, Federal Express [FedEx] and UPS) without an individual Bill of Lading, requiring additional time, labor and equipment to process.
- **What is Inbound?** Shipments being sent to a warehouse for advance receiving or to show site.
- **What is Outbound?** Shipments leaving show site and being sent to another destination.
- **What is Off Target?** Used when there is a specific date and time that an exhibitor must move in by and is missed.
- **What is a Marshalling Yard Fee?** A marshalling service has been established to ease congestion at the facility and better utilize dock space. All carriers and privately owned vehicles must check in at the marshalling location prior to unloading/loading.
- **What is Overnight Parking Fee?** There is a fee for parking at the marshalling yard. This is for exhibitors with company owned trailers and box trucks only. **Any vehicles left without a parking pass will be towed at owner's expense.**
- **What are Shipments Returned to Warehouse?** Shipments returned to the warehouse at close of show will be charged an additional fee of \$50.00 per CWT (2500lb. min.). Shipments not picked up from the warehouse within 72 hrs. will be charged for storage by Heritage.

**MATERIAL HANDLING SERVICES**
**CRATED:** Material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

**SPECIAL HANDLING:** Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. Federal Express, UPS & DHL are included in this category due to their delivery procedures.

**UNCRATED:** Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

## **IMPORTANT NOTICE REGARDING DIRECT SHIPMENTS**

Please be aware that the MCEC does NOT receive exhibitor freight, literature or supplies through the venue package room. The package room is too small to handle Exhibit Materials and the venue's everyday receiving. All exhibit materials, being shipped directly to show site must be addressed as listed below to insure unloading and delivery to your booth area.

NOTE: Direct shipments will only be received beginning at 10:00 a.m., Saturday, May 9<sup>th</sup>, 2026. Any materials sent to the MCEC prior to this date may be returned to sender and/or may be turned over to Heritage and will be billed according to the Show's Shipping & Receiving Rates, and will be subject to venue assessed fees.

## WHAT IS SHIPPING?

Shipping is the process of a carrier picking up your items from your office or place of origin and transporting it to the dock of either advance warehouse or facility dock of your event. It is separate from Material Handling. Exhibitors may use any carrier they want, including HES Logistics.

## WHAT IS MATERIAL HANDLING?

Material Handling is the process of receiving your shipment from your carrier and managing it through the event cycle. It is a standard tradeshow practice and it is a chargeable fee typically based on the weight of your shipment. Don't forget to add Material Handling to your budget!

### Material Handling Process:

- Unloading the trade show freight from your carrier once it arrives at the receiving dock.
- Transporting your shipment to your booth space.
- Removing empty shipping containers (boxes, crates, and pallets) from your booth.
- Temporarily storing your empty shipping containers during the show.
- Returning empty shipping containers to your booth once the event is over.
- Transferring the freight back to the loading dock.
- Loading the items into your carrier's delivery vehicle for return shipping

## ONE EASY WAY TO KEEP YOUR CHARGES LOWER?

### Consolidate, Consolidate, Consolidate!

Skid items as much as possible so that they are sure to arrive together. Each shipment that arrives at a separate time is assessed the minimum charge. Whether you ship to the advance warehouse or show site, it is in your best interest to consolidate as much as possible.

FOR: **ASGCT 2026 ANNUAL MEETING**

FOR: **ASGCT 2026 ANNUAL MEETING**

To help you in your planning, it's important to understand in advance that union labor will be required for certain aspects of your exhibit handling. Since Work Rules and Union Jurisdictions vary from city to city, please familiarize yourself with the following statements to help you in understanding the Union Requirements in the facility.

### **DECORATOR & CARPENTER JURISDICTION**

It is necessary for all exhibitors to use qualified union personnel for the installation and dismantling of prefabricated exhibits and displays and to install and remove draperies and floor covering. The handling, placing or setting out of merchandise that is to be displayed does not require union labor and may be done by the exhibitor. In addition, the installation or dismantling of an exhibit which does not require the use of hand tools, or more than one person, and can be accomplished within thirty minutes, may be performed by the owner or company representative. Your labor requirements can be ordered on the enclosed Exhibit Labor Order Form.

### **TEAMSTER JURISDICTION**

Our Material Handling Department is responsible for maintaining in and out traffic schedules at the show site. Even local exhibitors should clear all movements of exhibit materials through this department, as we will have priority at the unloading area at all times. Union jurisdiction allows individually hand carried items only and will not permit exhibitors use of dollies, hand trucks or pushcarts. Material Handling Services may be ordered in advance by completing and returning the enclosed Shipping Information and Service Order Form or by ordering on site at the HERITAGE Service Desk.

### **SAFETY**

Standing on chairs, table or other rental equipment is prohibited. This equipment is not engineered to support your weight. HERITAGE cannot be responsible for injuries or falls caused by the improper use of this equipment. If assistance is required in assembling your booth, please order labor in the Display Labor section of the HERITAGE order form and the necessary ladders and/or tools will be provided.

### **TIPPING**

HERITAGE requests that exhibitors do not tip employees.

### **LABOR**

If you encounter any difficulty with any laborer, or if you are not satisfied with the work performed, please bring this to the attention of the Show Manager at HERITAGE during the show. Please refrain from voicing complaints directly to craft personnel.

The person in charge of your exhibit should carefully inspect and sign all work order forms. If there are any questions about any bills, bring the bill to the appropriate Service Desk and discuss it with the person in charge.

**EXHIBIT LABOR (One Hour Minimum per Worker)**

		Advance Price Per Hour	Standard Price per Hour
<b>Straight Time</b>	8:00 a.m. to 4:30 p.m. Monday through Friday	\$368.62	\$479.21
<b>Overtime</b>	4:30 p.m. to 8:00 a.m. Monday through Friday, Saturday, Sunday, and Holidays	\$552.93	\$718.81

- Show Site prices will apply to all labor orders placed at show site.
- Standard Pricing is per person/per hour
- Start time guaranteed only when labor is requested for the start of the working day (8:00 a.m.), unless the official set up time begins later in the day.
- One hour minimum per man--labor thereafter is charged in half (1/2) hour increments.
- Supervisor must check in at Service Desk to pick up laborers. Upon completion of work, supervisor must return to Service Desk to release laborers.
- Labor must be cancelled in writing, 24 hours in advance to avoid a one (1) hour cancellation fee per worker.
- When scheduling dismantle labor, be sure to allow sufficient time for empty containers to be returned to your booth.
- Heritage supervising jobs will be completed at our discretion prior to show opening and before the hall must be cleared. Please include setup plan/ photo, special instructions and inbound shipping information with this order.

# General Information

## ORDERING POLICIES & PROCEDURES

### Pricing

Discount, Standard and On-Site rates are available for most services. To qualify for the discount rate, order requests and payment must be received 21 days prior to the show opening. Standard rates will apply to orders received after this discount cut-off date and be effective until the move-in begins. On-site rates will apply to orders received once move in has begun.

### Ordering

Exhibitors are encouraged to submit orders online at our secure and easy-to-use website, [www.SignatureBoston.com](http://www.SignatureBoston.com). Credit card payment is required for all online orders. Exhibitors who prefer to mail in their orders and pay by check will find our Service Order Forms in the Appendix of this guide. No telephone orders will be accepted.

### Exhibitors should be aware of the following when placing orders:

- All payments must be in US currency;
- The date payment is received determines the applicable rate (see Pricing above);
- Incomplete order or payment information will delay processing;
- Booth number(s) must be identified on all order forms.

### Payments

Payment for services must be received in advance. Service will be delivered only after payment is received. All outstanding charges must be paid before the close of the show. Please note that there will be no additional taxes added to service charges.

### Refunds

Claims for refunds must be submitted by the exhibitor to Exhibitor Services prior to event close. Credit will not be given for services installed and not used. Refunds are issued in the same manner in which payment was received.

### General Terms & Conditions

- All booth number changes must be communicated by the exhibitor to Exhibitor Services prior to exhibitor move-in. Additional charges may result, if services must be moved after initial set-up.
- All equipment and material furnished by the MCCA shall remain the property of the MCCA and shall be removed only by MCCA personnel.
- Standard wall outlets and other permanent building outlets (e.g., electrical, telephone, plumbing, etc.) are not part of the booth space and may not be used by anyone other than MCCA personnel or designated service provider.
- Service connections must be made by MCCA personnel or designated service provider.
- Connection services generally cover the installation of service to the booth area in the most convenient manner to the MCCA.
- All equipment must comply with state and local safety codes. MCCA will refuse connection to any equipment that constitutes a safety hazard.
- Unless otherwise directed, MCCA personnel are authorized to cut floor coverings to permit installation of services.

## OVERHEAD POWER

Overhead power is available upon approval by the MCCA:

- At the Thomas Michael Menino Convention and Exhibition Center, overhead 120v electrical is limited due to the ceiling heights. Overhead service is available under the low mechanical roof on the East and West sides of the Halls.
- If an overhead sign, truss, banner or other rigged item requires overhead 120v power, the MCCA can provide this service in any area of the MCEC.
- If an overhead sign, truss, banner or other rigged item requires overhead 208v or 480v power, the MCCA can provide this service in limited areas of the MCEC. Please contact the MCCA Exhibitor Services team for availability.
- Overhead power must accompany a rigging order.

## Installation & Distribution

- MCCA Electricians will provide the initial electrical power source.
- Electrical Service is brought from the nearest column or floor port into the booth. The electrical outlets or boxes are placed in the rear of the booth along the pipe & drape line.
- Electrical boxes are left accessible inside floor ports for island booths with no pipe and drape lines and no columns in their booth space.
- For 208V & 480V connections, we require floor plans so that we may provide the electrical service in a convenient location within the booth.
- Exhibitors are responsible for distributing their own 120V electrical cords and plugging in their booth equipment. Exhibitors may choose to:
  - » Hire labor from the General Service Contractor;
  - » Hire a third-party Installation & Dismantle (I&D) team to perform the distribution work;
  - » Bring their own company electrician to perform distribution and hardwire connections as long as he/she is a full time employee of the exhibiting company.

## Terms & Conditions

- The MCCA is the exclusive provider of electrical service. All electrical equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA personnel.
- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional electrical labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  - » Hourly Rate (All times) \$115.00
- The use of open clip sockets, duplex or triplex attachment plugs, latex or lamp cord is prohibited. All cords must be of the 3 wire grounded type and UL approved. Cords can be no smaller than 12 wire or 12 gauge. Any exposed non-current carrying metal parts of fixed equipment must be grounded.
- Electrical equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower, etc.
- The MCCA cannot be responsible for voltage variations of the power company.

## FREQUENTLY ASKED QUESTIONS

### If the MCCA doesn't run my electrical cords, and I can't do it myself, who should I send my electrical layout plan to?

If you have booth floor plans that include electrical layouts, you should share that information with your preferred setup personnel. If you are working with a third-party exhibit company, they may run the cords for you. If you need to hire labor to run cords for you, the show's General Service Contractor can help you. Typically, the General Service Contractor will include an Electrical Cord Labor Form in the Exhibitor Kit. The MCCA is happy to keep any floor plans on file for reference. In fact, we recommend that you forward your electrical layouts to Exhibitor Services for all 208V and 480V connections so that we may place the initial drop in the most convenient location possible.

**How do I know if I need a 208V or 480V connection?**

Most exhibitors do not require special connections like a 208V or 480V connection. Many times, these types of electrical services are required for heavy equipment and/or specialized machinery. Kindly consult with the equipment manufacturer, name plate rating or installation technician for specific details. Exhibitors who bring their own distribution panels may need one of these special connections.

**How do I know how much power I need to order?**

When determining how much power to order for a booth, it is helpful to know how much total power is required for the equipment in your booth space. Below, we have outlined some standard electrical requirements (requirements may vary).

- Standard Laptop . . . . . 250-550 watts
- Lead Retrieval . . . . . 300-500 watts
- Standard Plasma TV . . . . . 300-400 watts

Items like laptops, standard booth lights, and televisions may be grouped together on one circuit provided they do not exceed the overall limit of the circuit or the surge protection device. There is some equipment that requires its own circuit to run properly. For example, a microwave or refrigerator requires its own dedicated circuit, so a laptop and refrigerator should not use the same power source.

**I am an International Exhibitor and my equipment requires a converter to step down from 220V to 208V. Can I rent a converter from the MCCA?**

The MCCA does not rent or supply power conversion equipment. Exhibitors are required to bring their own to the show.

**I can't find 208V or 480V overhead service listed on your online ordering site. How can I order this service?**

208V & 480V overhead services are limited in our convention centers. All requests for such connections must be approved by an MCCA electrician; please contact MCCA Exhibitor Services for more information.

## FREQUENTLY ASKED QUESTIONS

### How do I receive my phone number, dialing instructions, and phone equipment?

Please visit the MCCA Exhibitor Services desk onsite to pick up your equipment. At this time you will receive assigned phone numbers and dialing instructions. This information can also be provided ahead of time if requested through Exhibitor Services.

### How can I place international calls on my phone line?

All phone lines will have the ability to place local, US and International calls.

# Internet & Technical Services

*The MCCA offers a variety of Internet and Technical services through our experienced in-house team of technicians.*

## Wired Internet Connections

Exhibitors who order wired internet drops are provided with one internet connection and assistance, as needed, from our internal IT Support Services staff. All MCCA Internet services include one initial line regardless of how many IPs are ordered with the service. To have more than one computer connected at one time, exhibitors may bring their own switch or hub device and cables, or they may purchase a switch from the MCCA. Exhibitors are asked to read through the following service descriptions closely to ensure that the purchased service level is sufficient to meet their bandwidth requirements during the entirety of the show. Below are basic guidelines for ordering wired Internet services.

All services are delivered DHCP. Public IP addresses are available upon request with all of our managed services listed below. Public IP addresses are not available with our Basic Service Package. Managed Services requesting public IP addresses require manual configuration to each machine.

Custom orders for bandwidth above listed service levels below can be ordered on a case-by-case basis through the MCCA's Exhibitor Services Department at **617-954-2230** or **customerservice@massconvention.com**.

## INSTALLATION & CONNECTIONS

- MCCA technicians will provide one initial network cable.
- Internet Service is brought from the nearest column or floor port into the booth.
- All MCCA internet services come with one initial line regardless of how many IPs are ordered with the service. To have more than one computer connected at one time, exhibitors may bring their own routing device and cables or may purchase a switch and purchase cables from the MCCA.
- Exhibitors are required to distribute their own internet cables.
- Exhibitors may choose to:
  - » Hire labor from the General Service Contractor or;
  - » Hire a third-party Installation & Dismantle (I&D) team to perform the distribution work.

## Terms & Conditions

- The MCCA is the exclusive provider of internet services.
- All services listed include labor to install and remove said service. Services do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an exhibitor requires additional internet labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:
  - » Tech Rep (All times) \$150.00
  - » Network Engineer (All times) \$185.00
- The MCCA will provide an Ethernet connection to a shared data network attachment for the use of Exhibitor's directors, officers, employees and guests during the official dates of specified show.
- Exhibitor will be responsible for providing all hardware, software and other equipment and facilities needed to connect to the Ethernet and to use network attachment.
- The network attachment provided by the MCCA may be used only by the Exhibitor's directors, officers, employees and guest, agents, or consultants. The MCCA network

will facilitate communications between the company's authorized users and entities reachable through the national internet.

- The Exhibitor will promote efficient use of provided networks to minimize and avoid unnecessary network traffic and interference with the work of other users on interconnected networks.
- Users of MCCA networks shall not disrupt any of the MCCA networks or any other MCCA associated networks.
- MCCA networks shall not be used to transmit any communication where the meaning of the message, or its transmission or distribution, would violate any applicable law or regulation or would be highly offensive to the recipient or recipients thereof. Mass distribution of any message, including advertising, may not be broadcast or otherwise sent on an intrusive basis to any user of the MCCA network or any directly or indirectly attached network. When requested by a user of the networks, product information and other commercial messages are permitted to be transmitted. Discussion of a product's relative advantages and disadvantages by users of the product and vendors' response to those who pose questions about their products may be made available over the MCCA networks. Interpretation application and possible modification shall be within the sole discretion of MCCA.
- MCCA does not make any express or implied warranty of any kind specifically. There is no express or implied warranty of merchantability or fitness for a particular purpose for the services to be provided. The protocol used on the MCCA network call for end to end verification of the accuracy of any message and such verification is the sole responsibility of the purchasing company. Similarly, these protocols provide for end to end verification of the receipt of all the data that is transmitted. MCCA will not be responsible for any loss of data from delays, non-deliveries, incorrect deliveries, service interruptions, including those caused by the negligence, errors or omissions of the MCCA, or other losses or damages. Use of information obtained via the services provided hereunder is at purchasing company's own risk. Exhibitor is responsible for (a) the accuracy and/or quality of the information obtained or data transmitted through the MCCA network and (b) assuring that each message purchasing company sends or receives has been received.

- MCCA shall not be liable to Exhibitor for any damage arising from any event that is out of the control of the MCCA. Neither shall the MCCA be liable to Exhibitor for indirect, special, incidental, exemplary, consequential or any other form of money damage, including, but not limited to, lost profits, or of the loss of data or information of any kind, however caused, and arising out of or in connection with the performance of MCCA, or the provision of services or performance hereunder, whether based in contract, tort, or any other legal theory, and whether or not MCCA has been made aware of the possibility of such damages.
- In no event shall liability exceed a refund of amounts actually paid to MCCA by Exhibitor for this network attachment.
- The network attachment shall be made available to Exhibitor by MCCA before the beginning through the end of the specified conference.
- The MCCA will provide a network attachment via an Ethernet connection at the Exhibitor's booth. At its own expense, the Exhibitor is responsible for providing the computer, attachment to Ethernet, electric power and all other hardware and software required to use the network attachment.

## FREQUENTLY ASKED QUESTIONS

### **I ordered a Managed Service that required IP Addresses.**

#### **How and when do I receive this information?**

When you are onsite and ready to configure your computers, please visit the Exhibitor Services desk to retrieve your IP Information.

### **Do you have wireless internet?**

The MCCA offers free wireless internet service throughout meeting rooms, lobbies, and expo halls; just open your internet browser and look for the MCEC Wireless Network. This service is designed for casual users and not guaranteed. If you are relying on the internet to showcase your product or services we strongly recommend a wired internet connection for guaranteed service.

### **I see that you don't offer hubs for sale. What is the difference between a hub and a switch? Can I bring my own hub or switch?**

The MCCA offers switch devices for sale instead of hubs because switches are known to provide better performance with a lower failure rate. Exhibitors are welcome to provide their own hub or switch for all internet services.

### **What is bandwidth and how do I know how much I need?**

Bandwidth is the "size of the pipe" that data can traverse. The bigger the bandwidth, the faster data can be transferred. To find out how much bandwidth you require, please consult with a technical representative in your company or look for program specifications listed with any demonstrations or downloads you plan to run.

### **I need to access my company's network while I'm exhibiting at your facility. Which service will allow me to do this?**

Exhibitors who need to connect remotely to their company's network using a VPN (Virtual Private Network) with authentication information like passwords, certificates, or "tokens" can do so with any of our services, however they should confirm with their IT department for the use of DHCP or public IP address requirements.

### **What is a VLAN?**

A VLAN (Virtual Local Area Network) allows a network of computers to behave as if they are connected to the same service even though they may actually be physically located in different areas around the facility. One of the biggest advantages of a VLAN is that when a computer is physically moved to a different location, it can stay on the same VLAN without any hardware reconfiguration.

### **I ordered a switch and cables, how and when do I get them?**

When you are ready for your switch and internet cables, please visit the Exhibitor Services Desk.

# Rigging Services

*The MCCA provides overhead and ground supported rigging and lighting services through our service contractor, JCALPRO. All overhead rigging and ground supported truss are provided by and installed by JCALPRO.*

## Planning Ahead for Rigging & Lighting Services

Diagrams and booth layouts are essential for planning rigging and lighting services. In order to ensure efficient delivery of required services, Exhibitors must submit rigging plots, drawings, blueprints, or engineers' certification with their orders. Diagrams must include the location, dimensions and weight, and the height from the floor to the top of the suspended item. Diagrams must also show booth outline with aisles or neighboring booths marked for reference and orientation.

<b>PACKAGE RIGGING SOLUTIONS</b> The MCCA offers package rigging solutions for exhibitors with basic and straight forward sign hanging needs. To qualify for the packages, exhibitors must be flexible with regards to days and times of load-in and take-down.	DISCOUNT	STANDARD	ON-SITE
<b>Basic Rigging Package</b> This package includes all lifts, labor, and rigging equipment (cables, pipes, and hardware) necessary to install and take down one sign/banner weighing less than 150 lbs, measuring less than 20' in length, less than 15' diameter, and less than 175 square feet.	\$2,220.00	\$2,770.00	\$3,320.00
<b>Electrical Rigging Package</b> This package includes the Basic Rigging Package plus labor to connect electrical service to an Exhibitor sign/banner. Overhead electrical service for rotator, motor or lighted sign must be ordered separately. Please see Electrical services section for details.	\$2,540.00	\$3,175.00	\$3,810.00
<b>Cable Bridge Package</b> This package includes all lifts, labor, and equipment for a truss cable bridge for overhead power orders 60 amps and above, and for all 480 v overhead power. This package does <b>NOT</b> include the electrical service. Service must be added separately. The package service is provided during standard service hours, Monday-Saturday 7am – 12am, except holidays.	\$4,040.00	\$4,800.00	\$5,760.00
<b>Overtime Charges</b> Exhibitors may request rigging services on weekends, holidays or outside the package service hours (Monday-Friday 8AM – 5PM). In this case, an Overtime Charge must be added for each rigging package ordered.		\$510.00	

## Custom Rigging & Lighting Solutions

The MCCA/JCALPRO also offers customized rigging and lighting solutions for Exhibitors with more complex or unique requirements. This option is best suited for Exhibitors with larger signs, multiple signs, and/or overhead lighting needs.

Custom Rigging and Lighting Solutions still require flexibility in load in and load out time. If you require a specific load in or load out day and/or time, hourly rates may apply (see Terms and Conditions – Page 15).

Custom Rigging & Lighting solutions may only be ordered with a pre-arranged quote.

Please contact JCALPRO at EXHIBITS@JCALPRO.COM or 1.617.954.2345 to initiate this process as these services are not available for online ordering.

## Terms & Conditions

- JCALPRO is the exclusive rigging vendor at the Thomas Michael Menino Convention and Exhibition Center (MCEC). If an exhibitor is exhibiting at the MCEC and requires rigging services for the booth, JCALPRO is the only vendor authorized to hang signs, banners, or lighting in the booth space.
- If an Exhibitor requires specific load-in/load-out dates and/or times, then a basic rigging package may not be applicable. In this case, a special quote for required crew and lift equipment will be prepared using the following hourly labor and weekly lift rental rates:

HOURLY LABOR ITEMS	MON-FRI 7AM-5PM (EXCEPT HOLIDAYS)	WEEKENDS & HOLIDAYS 7AM-5PM MON-FRI 5PM-12AM	WEEKENDS AFTER 5PM EVERYDAY 12AM-7AM
Crew Chief	\$140.00	\$210.00	\$280.00
Head Rigger	\$140.00	\$210.00	\$280.00
Rigger	\$130.00	\$195.00	\$260.00
Dept Head	\$106.00	\$159.00	\$212.00
Stagehand	\$97.75	\$146.63	\$195.50

WEEKLY LIFT RENTAL ITEMS	RATE
24' - 32' Scissor Lift	\$1,035.00
40' - 45' Boom Lift	\$1,495.00
60' Boom Lift	\$2,065.00

- All rigging must conform to the rules, regulations, and facility limitations of the MCCA and any show management regulations.
- All equipment, signs, products, etc. must be designed to suspend safely. Care must be taken to use only rated rigging hardware when designing, constructing or purchasing such items. Any equipment, signs, products etc. deemed to be unsafe for overhead suspension by MCCA/JCALPRO will be substituted or denied.
- The use of any type of tape/adhesive for attaching signs, banners, or decorations to the building walls or decorative surfaces is not permitted.
- All assembly of equipment, signs, products necessary prior to hanging, etc., will be the responsibility of the Exhibitor.
- Failure by Exhibitor to submit accurate diagrams prior to load-in will delay set-up and could incur additional cost.

## FREQUENTLY ASKED QUESTIONS

### How do I know if I qualify for the Basic Rigging Package Rate?

Find out the dimensions and weight of your sign. If your sign weighs less than 150 pounds and is less than 15' in diameter, is less than 20" in length, and less than 175 square feet and does not require electrical rigging, truss, or motors, you will qualify for the Basic Rigging Package. If your sign fits within the basic package and is motorized or needs electrical rigging (for example a rotating sign or a sign with lights), you qualify for the Electrical Rigging Package.

### Can I order lighting to be suspended from the ceiling?

If you would like to order lights to brighten up your booth or illuminate specific objects, you will need to get a **quote** from JCALPRO. Lights cannot be attached to our ceilings. Instead we can provide you with truss, using motors, to create a lower "ceiling" and then hang lights from that truss. We will require a diagram showing your booth layout and exactly what you want illuminated in order to put together a quote.

### Do I ship my sign to you to put it together?

No. Although JCALPRO provides labor to hang the sign, the General Service Contractor (GSC) handles all shipments. You may build your sign or hire the GSC to put it together for you. When the sign has arrived at the building and has been assembled, we will hang it for you. Be sure to keep this in mind when making your time and day requests for sign hanging.

### Can I request load in and load out times?

Yes, the Rigging Order Form has a space for you to indicate your preferred up and down times. Please note that your preferred timing is not guaranteed; however, we do try our best to cater to your requests. If you absolutely need a specific install or take down time, additional charges will apply. If you do not provide a diagram or layout prior to load-in, then you may experience set-up delays and additional cost.

### What type of diagrams should I send?

The most useful diagrams are on a proportioned grid to show the dimensions of the booth, the exact desired placement of hanging items, and orientation of the booths around yours. As a general rule, pictures from previous shows and pictures of the sign only are not as helpful as current diagrams of the entire booth space with the placement, height, and weight of the sign(s) or hanging item(s).

## INSTALLATION & CONNECTIONS

- Plumbing Service is brought from the nearest column or floor port into the booth.
- Air and Water connections are available in limited locations on the exhibit floor. Connection sizes and booth locations all factor into planning to supply air and water to exhibitors. Please provide a floor plan of the exhibit space indicating locations that require air or water service as well as connection requirements well in advance of exhibitor move-in.

### Terms & Conditions

- The MCCA is the exclusive provider of all plumbing services. All plumbing equipment shall remain the property of the MCCA and may not be installed or removed by anyone other than MCCA Personnel.
- Exhibitors are not permitted to fill or drain their own equipment, use individual air compressors, or bring their own compressed gases from an outside vendor.
- All services listed include labor to install and remove said service. Rates do not include connecting of equipment, tracing of malfunctions, special wiring, or repairs. If an

exhibitor requires additional plumbing labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:

» Hourly Rate (All times) \$115.00

## FREQUENTLY ASKED QUESTIONS

### Do all water connections need a drain?

While most water connections do require a drain service, there are some cases where the drain is unnecessary. When the water provided is being consumed or evaporated, a drain is not needed. For example, exhibitors using water service for a coffee machine do not need to order a drain because the water is being consumed.

### Will you provide the fittings and hoses for my water and drain connections?

To ensure that your booth's equipment runs properly we ask that you supply your own regulators, filters, and hoses.

**When would I need to order a Fill and Drain Service?**

Some of the most common reasons exhibitors order fill and drain are for items like fish tanks, pools, tubs for display, or running water displays. We use large hoses to fill vessels requiring water and then use existing drains in the floor to remove the water at the end of the show. Exhibitors are not permitted to bring their own water or use MCCA sinks to fill their own equipment.

**My booth requires a sprinkler system. What plumbing service should I order?**

If your booth requires a sprinkler system, you will need to order an individual water connection specifically for this purpose.

**My exhibitor kit says I need to order a hand washing unit because I am planning to prepare food in my booth. Do you provide these units?**

Levy Restaurants, our exclusive in-house catering company, can provide a hand washing unit that includes a small hand washing sink, paper towels, soap, and a discard bucket. Please consult your exhibitor kit for Levy Restaurants information or contact them directly at the MCEC (617.954.2382).

**Do you allow Exhibitors to bring Helium balloons into your buildings?**

No, unfortunately we do not allow exhibitors to bring helium balloons into the buildings.

# Security Services

*The MCCA is the “preferred” provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event’s preferred provider as detailed in your exhibitor kit.*

SECURITY GUARD (BOOTH)	DISCOUNT	STANDARD	ON-SITE
<b>Per Hour Per Officer</b> The MCCA offers uniformed public safety officers to cover shows and events. Officers are scheduled at a 4-hour minimum and are available from move-in to move-out, around the clock. Orders need to be placed 21 days in advance of the show/event opening in order to guarantee your requested coverage. Any orders received after the 21 day cut-off are subject to approval and are not guaranteed.	\$45.00	\$55.00	\$65.00
<b>Per Hour Per Supervisor</b>	\$55.00	\$65.00	\$80.00

## FREQUENTLY ASKED QUESTIONS

### When do you recommend ordering security for an exhibitor booth?

Our public safety department strongly suggests ordering security for booths planning to have VIP celebrity appearances, book signings etc., to monitor crowd control and escort as needed. Also, exhibitors with expensive or rare equipment in their booths may consider security for the overnight hours between show end and the next day’s show start.

### Is there general overnight security in the exhibit hall?

The MCCA provides 24 hour security coverage for the facility; however, security coverage for the exhibit hall is determined by the show organizer and may vary from event to event.

# Exhibitor Guidelines, Information and Regulations

## EXHIBITOR PARTICIPATION REGULATIONS

### ACCESS CONTROL AND CREDENTIALING

Exhibitors accessing the MCEC – including exhibitors traveling to the MCEC, unloading exhibitor-related cargo and parking at the MCEC – must be credentialed by the MCEC Public Safety Department before entering the facility. Issued Exhibitor Credentials must be worn on the outermost garment (or on the right wrist if an ID band is issued) of the exhibitor (employees and contractors) at all times while inside the facility.

Exhibitors should check in with the General Service Contractor (GSC) Marshalling Lot Trailer, or go directly to the South Parking Lot if directed by the GSC or Licensee, before proceeding into the building at Southwest Badging. Upon request and as a requirement to be issued a MCCA ID, all employees and contractors working within an MCCA facility must identify themselves with a current and valid, government-issued photo identification (preferably a valid state-issued motor vehicle operator's license). Once positively identified by MCCA Public Safety, the exhibitor will be referred to the Licensee in order to register and receive event credentials.

ESCA identification badges are required for all General Service Contractors (GSC). Temporary MCCA credentials will not be issued to GSC employees and they will be turned away.

Lost/missing credentials must be reported to, and recorded by, MCCA Public Safety. The MCCA, in its sole discretion, reserves the right to revoke credentials for violations of law, facility policies and procedures, and/or injuries against persons or property, and/or when the revocation of those credentials is in the best interests of the MCCA.

### AFFIXING TO THE FACILITY STRUCTURE

The MCCA does not allow exhibitors to:

- Rig cable/hanging devices or affix any materials to the ceiling, electrical buss ducts and conduits, sprinkler pipes, ventilation equipment, windows, columns or any other physical structure at the MCEC
- Cause or permit any nails, staples, hooks, tacks, screws, or the like to be driven into the facility structure (including, but not limited to, any wall, ceiling, column, stone, window, drape, painted, carpeted or concrete surfaces of the premises)
- Erect any decorations or use adhesive materials, including tape that can deface the walls, ceilings, floors, facilities and equipment contained on the premises
- Paint or permanently cover walls, floors, ceilings, or other areas of the facility or its furnishings or fixtures

### BOOTH SET-UP AND DISMANTLE

The unpacking, assembling, dismantling and packing of displays and equipment may be done by full-time employees of an exhibiting company. Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own bona fide, full-time employees. It is acceptable for exhibitors to safely use power tools to set-up and/or dismantle their own booths.

No one under the age of 18 is permitted on the loading docks, in truck bays or in the loading dock yard. Additionally, no one under the age of 18 is permitted in the exhibit halls during move-in or move-out operations. The Licensee will determine age restrictions, if any, for hours when the exhibit hall is open for attendees.

## BOOTH STAGING

1. In addition to equipment and furniture placed within a booth space, subject to show management limitations, exhibitors are allowed to stage the following items:
  - a. Boxed or loose product, materials or literature
  - b. Fiber cases used to ship pop-up displays
  - c. Personal items such as luggage, purses, briefcases or coats
2. The following restrictions must be observed when staging these additional items:
  - a. The amount of product, materials or literature that may be staged within a booth space must not exceed a one-day supply.
  - b. Items may be placed either in a display case, on a counter, on a shelving unit, in a closet, on a table, under a table or stacked neatly within the booth space.
  - c. Items that are stacked must not create a tripping hazard or hamper easy movement within the booth space.
  - d. Items may not be placed on or within six inches of floor ports, electrical wiring or cabling.
  - e. Pallets, empty crates, cartons and boxes may not be stored in the booth space.
  - f. Staging will not be allowed behind the back wall of the booth and behind the drape within the booth or exhibit area.

## CABLING

No cables (telephone, Internet, electrical, audio, video, etc.) should be run in front of any doorways at any time. If cables must cross a doorway, cables must be flown — cable trays are not an acceptable substitute.

## CANDLES

Candles are not permitted.

## CAUTION TAPE

Use of 'Caution Tape' is prohibited. Yellow or red plastic tape with black stripes, or printed with 'Caution,' 'Do Not Enter' or other warning messages may only be placed by the MCCA to warn individuals of a hazardous condition. The MCCA prohibits the use of yellow or red plastic tape to restrict access to an event or exhibit display. Rope and stanchion is available from the General Service Contractor.

## COOKING DEMONSTRATIONS

If cooking or heating appliances will be used, the MCCA prefers they are powered by electricity, use UL listed/approved equipment and be adequately ventilated.

An exhibitor may use butane for cooking purposes with prior approval of the MCCA Public Safety Department. Quantity inside the facility is limited to: two (2) 1-pound UL listed/approved non-refillable canisters per cooking device; one canister attached to the cooking device; and one spare canister. To prevent excessive amounts of butane within the facility, exhibitors may only use butane canisters purchased directly through the MCCA's exclusive food provider, Levy Restaurants.

Single-well cooking equipment (deep fryer type device) using combustible oils and solids shall:

1. Have lids available for immediate use
2. Be limited to 288 sq. in. (.19 sq. m) of cooking surface
3. Be placed in noncombustible surface materials
4. Be separated from each other by a minimum horizontal distance of 2 ft. (61 cm); multiple single-well cooking units may be placed together if the aggregate cooking surface does not exceed 288 sq. in. (.19 sq. m)
5. Be kept a minimum horizontal distance of 2 ft. (61 cm) from any combustible material

Exhibitor must provide a UL listed/approved fire extinguisher no less than 30 feet (9.15 meters) from the cooking device.

Exhibitor shall provide a 6 liter, Class K fire extinguisher for hazards where there is a potential for fires involving combustible cooking media (vegetable oils, animal oils or fats in cooking appliances) for each device.

Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

Open flames, cooking or other sources of heat are prohibited under any tent, canopy or tarp.

## EXCLUSIVE SERVICES

The MCCA will be the exclusive provider of the following services: food & beverage, electrical, business center, telephone, Internet, rigging, the operation of ground-supported crank-ups, the operation and provision of lifts for theatrical purposes, plumbing, the use of the house sound system, and the supply of compressed airs and gases.

The MCCA is the preferred provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event's preferred provider as detailed in your exhibitor kit.

## EXHIBITOR PRODUCT

Exhibitors are prohibited from offering or selling any product(s) to any employee, agent, contractor or subcontractor working at the MCCA.

At the conclusion of the event, all products must be either:

- Removed from MCCA facilities by the exhibitor;
- Properly disposed of;
- Donated to a previously identified nonprofit organization; or
- Sold to an established business, with sales receipts supplied and produced on demand.

Any MCCA employee, agent, contractor or subcontractor working in MCCA facilities who is determined to be removing and/or accepting event-related product(s) is subject to immediate termination of employment or prohibition from working at all MCCA facilities.

*All persons, vehicles, bags, containers, etc. are subject to search.*

## FIRE SAFETY REGULATIONS

Exhibits and decorative materials must meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code). The Massachusetts Department of Public Safety (DPS) has jurisdiction over all safety matters of the MCCA. The DPS, in conjunction with the City of Boston Fire Department (BFD), provide guidance to the MCCA for a safe venue for all guests and employees at our facilities.

Prior to the show opening or at any time during the event, the MCCA Public Safety Department or other agency may inspect booths and other assembly areas to ensure these requirements are met. If they are not, adjustments can be costly – if a display is determined to be a hazard it may be ordered removed from the facility at the exhibitor's expense.

These requirements shall apply whether the event is open or closed to the public. The below topics are the minimum fire safety requirements for all events and are designed to provide an overview; the MCCA Public Safety Department reserves the right to make any final decision for life safety issues. Our sole effort is to ensure the success of your event and safeguard the safety and experience of all our visitors.

## FIRE SAFETY LIMITATIONS

The following limitations apply to all exhibits located in the exhibition halls in the MCEC:

1. The following items are fire hazards and are prohibited for use in the MCEC:
  - a. Compressed flammable gases. Exception: Butane for cooking purposes with prior approval of the MCCA Public Safety Department (see Cooking Demonstrations)
  - b. Pyrotechnics, flammable/combustible liquids, hazardous chemicals/materials, blasting agents and explosives
  - c. Cut Christmas trees, cut evergreens or similar trees
  - d. Fireplace logs, charcoal and similar materials
  - e. Untreated mulch and Spanish moss or similar vegetation
  - f. Untreated hay or straw
2. Any interior finish, either permanent or temporary, will be required to meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code).
3. The following rules apply regarding flame-retardant treatments:
  - a. All curtains, drapes, banners, decorations and acoustical material (including but not limited to cotton, hay, paper, straw, moss, split bamboo and wood chips) must be flame-retardant treated to the satisfaction of the Massachusetts Department of Public Safety. Material that cannot be treated for flame retardancy shall not be

used. The GSC or individual exhibitor must have on-site a copy of the Certificate of Flame Resistance for all floor covering, curtains and rigged signage. The use of carpet on walls, ceilings, seating products or as decorative material is prohibited.

- b. Combustible materials, an inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.
- c. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant is prohibited.
4. Open flame devices may be permitted when they are a necessary part of the exhibit, with prior approval of the MCCA Public Safety Department. Devices must be isolated from attendees by either four (4) feet or a barrier; be placed on a non-combustible surface; be separated from other devices by five (5) horizontal feet; and have a 10 lb. ABC fire extinguisher present within the exhibit. Fire extinguishers must be mounted in a visible location and be accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.
5. The hanging or rigging of signs, displays or banners, etc. shall not interfere with the building fire sprinkler system.
6. Exhibitors are prohibited from covering displays with drop cloths, sheets, table cloths or other non-flame resistant material.
7. Storage of combustible materials in meeting rooms, ballrooms or service corridors is prohibited.
8. Exhibitors shall move, remove or arrange with the General Service Contractor to remove wooden pallets, shipping crates, cardboard boxes and other packing materials from the exhibit hall area as soon as possible. These items are not permitted in the exhibit halls during events. See Booth Staging.

#### EXHIBIT HALL LIFE SAFETY EQUIPMENT

Fire extinguishers are located on each of the support columns in the exhibit hall area and on the perimeter walls. All brackets are 40 inches (102 cm) from the floor. Support column fire extinguishers are primarily mounted on the northwest quadrant. Fire extinguishers on the support columns along the north end of Hall A, and those on the south side of the air walls, are mounted on the southwest quadrant. General Service Contractors (GSC) and exhibitors are required to

maintain a minimum unobstructed path of no less than 48 inches (122 cm), 24 inches (61 cm) on center for fire extinguishers.

Fire extinguishers shall not be removed or temporarily relocated by any exhibitor, the Licensee or the GSC. The GSC is responsible for ensuring that egress paths, emergency exits, fire extinguishers, fire pull stations, fire department value boxes, fire alarm flashers and AEDs are not obstructed or obscured from view at any time in the facility. Anyone found responsible for moving, removing or blocking fire safety equipment is subject to a fine.

#### FLAME-RETARDANT TREATED MATERIALS

The following rules apply regarding flame-retardant treatments:

1. All decorations, drapes, signs, banners, acoustical materials, hay, straw, moss, split bamboo, plastic cloth, and similar decorative materials shall be flame-retardant to the satisfaction of the Boston Fire Department and State Fire Marshal.
2. Combustible materials, 3/8 inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.
3. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant, is prohibited.
4. Table coverings used in exhibit halls must be flame-retardant treated, unless they lie flat, and have an overhang of no more than six (6) inches.
5. All materials must be certified by the Boston Fire Department within six (6) months of the event. The Boston Fire Department does not accept certificates from other jurisdictions. Materials may be sent directly to the Boston Fire Department for testing.
6. The City of Boston Fire Code prohibits the use of:
  - Fabric attached to a ceiling or used to cover any portion of an exhibit
  - Carpet on ceilings, walls, seating products, or as decorative material

## LASERS

The use of lasers for exhibit demonstrations or visual effects for entertainment must be approved by the Licensee and the MCCA Public Safety Department. All lasers must comply with Code of Massachusetts Regulations 105 CMR 120.000, and be registered and approved by the Massachusetts Department of Public Health. Regulations and applications are available from the Massachusetts Department of Public Health.

## FOOD & BEVERAGE SAMPLES

The MCCA prohibits any food or beverages from being brought into the building, except by Levy Restaurants, the exclusive food & beverage service provider. The distribution of food and beverages, regardless of type and/or quantity, is the sole responsibility of Levy Restaurants.

Levy Restaurants is the official caterer for all food and beverage services within the MCEC. All arrangements for the service of food and/or beverages must be made through the catering office. Food and beverage sampling in conjunction with specific exhibits may be permitted, but only to the extent approved in writing, in advance, by a Levy Restaurants Catering Sales Manager.

In order to obtain authorization from your Catering Sales Manager to distribute food and beverage items, one of the following conditions must exist:

- (1) The party interested in distributing food and/or beverage must be the manufacturer of said product. The interested party must only distribute sample sizes (2 ounces of pre-packaged food items or 4 ounces of non-alcoholic beverages) of his/her product, and cannot participate in cash sales of said product during the show.

-OR-

- (2) The party interested in distributing food and/or beverage items must pay a fee, which is based on a percentage of retail pricing for the item and is subject to all applicable administrative fees and taxes, in order to waive its right to exclusivity under the MCCA/MCEC License Agreement.

If a party brings unauthorized food and/or beverage items into the MCEC and does not subsequently meet one of the conditions listed above, the party must immediately remove the unauthorized item(s) from their exhibit or meeting space.

## Temporary Food Service Permit Application

The City of Boston Inspectional Services Division requires a temporary food service permit for any food & beverage served at the MCEC that is not sourced through Levy Restaurants. Permit fees begin at \$30.00 for a one-day permit, with \$5.00 for each additional day of sampling (example: a 3-day permit costs \$40.00).

## GLITTER, CONFETTI, POPCORN AND OTHER MATERIALS

The use of glitter, confetti, sand, popcorn or simulated snow types of material is not permitted in the MCEC. Additionally, adhesive-backed decals may not be given away or utilized.

## GRATUITIES POLICY

It is against the MCCA's policy for any employee or service contractor to accept gratuities or gifts from the Licensee and/or any exhibitors. Offering of tips and gratuities to personnel employed by the MCCA, or its contractors, agents or suppliers, is not necessary and strictly prohibited. If you are approached or solicited by any MCCA or service contractor personnel for gratuities, please report this violation to the Chief of Public Safety at 617.954.2222.

## GUARDRAILS AND STAIRS

Any platforms exceeding 30" in height will require a Massachusetts State building code compliant guardrail system. The guardrail shall be 42" in height, with balusters or solid material such that a sphere with a four-inch (4") diameter cannot pass through any opening.

The guardrails shall not have an ornamental pattern that would provide a ladder effect. This includes a guardrail on stairs.

The guardrail system shall be capable of withstanding a load of 200 pounds (minimum).

Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other

structure elements or obstructions. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross section with an outside diameter of at least 1-1/4" and not greater than 2".

Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress. The easiest way to address this issue with minimal cost is to secure a fitted piece of fire-rated plywood or sheet rock between the stringers against the back of the treads.

### HAND-CARRY POLICY

The MCCA reserves the right to restrict all freight and package deliveries to the loading dock. MCCA Public Safety personnel will be on site to direct and assist exhibitors during move-in and move-out.

For the convenience and safety of exhibitors and patrons, all freight and material handling must enter and exit the facility through the loading dock. The Licensee and its exhibitors will be allowed to hand carry one item, one time, in or out of the facility without having to access the loading dock. (Hand-carried freight is defined as one item that can be easily carried by an individual, without the need for dollies or other mechanized equipment.)

No parking is allowed at the entrance of the facility, and the use of passenger elevators for movement of freight is not allowed. All packages are subject to inspection by facility personnel.

This policy is strictly enforced at The Westin Boston Waterfront Hotel skybridge as well.

### LIGHTS

Only Underwriters Laboratories (UL) approved, clamp-on types of portable spotlights are allowed. All display lights must be turned off when the exhibitor leaves for the day. Only UL approved extension cords 12 gauge or greater, rated for 20 amp, are allowed. Note: Household extension cords are not permitted. These are generally 14 or 16 gauge and only rated at 15 amp.

## MATERIAL HANDLING

**Exhibitors are allowed to perform their own material handling, providing all of the following criteria are met:**

- Exhibit personnel performing the work must be bona fide, full-time employees ("authorized personnel") of said company.
- Exhibitors may choose to off-load from a company-owned truck or rental vehicle, or from a car, van or truck owned by personnel of the company provided the vehicle is co-owned or rental vehicles must be less than 24 feet in length.
- Exhibitors may use only hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted as well.
- At no time can vendors (A/V, furniture design firm, etc.) unload their items. An approved General Service Contractor (GSC) or the Exclusive Rigging Service Provider (ERSP) must be hired by the Licensee to unload/re-load and push in all vendors.

## MEANS OF EGRESS

The travel distance within an exhibit booth or exhibit enclosure (including temporary office/meeting spaces) to an exit access aisle shall not exceed 50 feet (15 meters). There should be a minimum of two (2) separate exits from any point in the hall or room where the occupant load is less than 500 persons. Where occupant loads are between 500 and 999 persons, there shall be a minimum of three (3) separate exit doors. Where occupant loads are 1,000 persons or greater, there shall be a minimum of four (4) separate exit doors.

Exits must be so located and exit access arranged so that exits are readily accessible at all times. Where more than one exit is required, exits must be remotely located from each other and arranged and constructed to minimize any possibility that more than one may be blocked by a fire or other emergency condition.

Where exits are not immediately accessible from an open floor area, safe and continuous unobstructed passageways, aisles or corridors leading directly to every exit must be maintained and arranged, to provide access for each occupant to at least two exits by separate ways of travel. At no time should an exit door or exit access door be locked, blocked or obstructed in a manner that will confuse or slow the movement of any people within the area. This requirement will also be in effect during the "move in" and "move out" of events.

During certain events, the total occupancy of larger meeting rooms and the ballrooms meeting room(s) being used may not require all the exit capacity provided for that area. In these cases, a special review will be done on the request to close some of the exit doors. An explanation, along with detailed drawings showing these doors, must be submitted for approval. If approved, the doors and exit signs must be covered to prevent any confusion to the occupants.

### MULTI-LEVEL BOOTHS AND CEILINGS/CANOPIES

#### Guidelines for Covered Exhibits With Less Than Three Hundred (300) Covered Square Feet

All materials used in the construction of covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. Certification of flame retardant treatment, along with samples of said materials, must be submitted, if requested by the MCCA Public Safety Department or the Massachusetts Department of Public Safety. It is strongly recommended that certifications of flame retardant treatments be available at show site to avoid on-site testing of materials.

Fabric must pass the NFPA-701 Code for flame spread and smoke development - Class A, Flame Spread less than or equal to 25, Smoke Developed less than or equal to 450. Canopies and tarps must be fire resistant and meet CPAI 84 (Canvas Products Association International) specifications. The original flame retardant compliance tag must be attached to tent, canopy or tarp.

The use of tents inside the Convention Center requires a special permit from the Massachusetts Department of Public Safety. Please contact the MCCA Public Safety Department at 617.954.2222 for assistance.

Exhibitor must install a single station and battery operated smoke detector on the interior of each covered exhibit or structure, including enclosed storage closets, regardless of the square footage. The detector must sound an audible alarm and be installed per the manufacturer's instructions.

Exhibitor must provide at least one (1) 10 lb. ABC, dry chemical fire extinguisher. Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

A single exhibit or group of exhibits with ceilings that do not require sprinklers shall be separated by a distance of not less than 10 feet (3050 mm) where the aggregate ceiling exceeds 300 square feet (28 square meters).

Open flame, cooking or other sources of heat are prohibited under any tent, canopy or tarp.

### MOVE-IN PROCEDURES

All exhibitor move-in is restricted to the MCEC Loading Dock. No exhibitor will be allowed access with his or her move-in materials via any other entrance to the facility. Please note the hand carry rule within the Exhibitor Participation Rules/General Conditions Section of the Event Guide.

### MULTI-LEVEL BOOTHS AND CEILINGS/CANOPIES

#### Guidelines for Multi-level Exhibits (regardless of the size) and Covered Exhibits With Larger Than Three Hundred (300) Covered Square Feet

Requests for construction of multi-level exhibits (regardless of the size) must be authorized by show management before being reviewed by the MCCA Engineering and Maintenance Division and MCCA Public Safety Department. To ensure the success of your exhibit, please read and comply with the following guidelines:

1. Plans should be submitted a minimum of 90 days before the move-in date of the event and must adhere to the following:
  - a. They must be scaled, signed and dated by a registered architect or professional engineer.
  - b. They must include the show name and dates.
  - c. They must include exhibitor's name and assigned booth number.
  - d. They must include directional information (i.e. indicate neighboring aisles and/or booth numbers).
  - e. They must indicate maximum exhibit height, within the booth. Height guidelines are established, per event, by show management.
  - f. They must include connection details for the elevated floor and stairs, and permitted loading for furnishings, storage units, work surfaces or occupants who will be permitted access to the upper level.
  - g. They must include a floor loading schedule that identifies the maximum safe floor loading, fixture loads (dead loads) and occupant loading (live loads), establishing what shall be the effective limits.
2. All materials used in the construction of multi-level and/or covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. If requested, certification of flame-retardant treatment, along with samples of said materials, must be submitted to the Massachusetts Department of Public Safety for testing. It is recommended that certifications of flame retardant treatments be available at show site.

**MULTI-LEVEL BOOTHS AND CEILINGS/CANOPIES****Guidelines for Multi-level Exhibits (regardless of the size) and Covered Exhibits With Larger Than Three Hundred (300) Covered Square Feet**

3. Exhibits with an enclosed room or occupied second story must post notice at the bottom of the stairway, indicating maximum permitted occupancy (or total permitted weight load of the second level).
4. If second level is to be occupied and greater than three hundred (300) square feet, or is designed to hold 10 or more persons, two (2) stairways are required, remote from each other. If second level is to be occupied and less than three hundred (300) square feet, one (1) set of stairs is permitted.
  - a. Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum.
  - b. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions.
  - c. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross-section with an outside diameter of at least 1-1/4" and not greater than 2".
  - d. Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress.
5. Individual areas of upper decks or covered areas must be limited to dimensions that do not exceed one thousand (1,000) square feet.
6. Exhibitor must install a single station and battery-operated smoke detector on the interior of each covered exhibit or structure, regardless of the square footage. The detector must sound an audible alarm and be installed per the manufacturer's instructions.
7. Exhibitor must provide a portable, dry chemical fire extinguisher for each level or each covered exhibit or structure. At least one (1) 10 lb. ABC portable type fire extinguisher must be provided for each three hundred (300) square feet. Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

**AUTOMATIC FIRE EXTINGUISHING SYSTEM**

1. The following shall be protected by an automatic extinguishing system:
  - a. Any home or house constructed within the exhibit hall; and it must also include smoke/fire alarms and a 10 lb. ABC fire extinguisher on each level
  - b. The lowest level of a multi-level exhibit, regardless of size, and/or a single-story covered exhibit where the covered area exceeds 300 sq. ft. (27.9 sq. m), and/or any covering over a multi-level exhibit exceeding 300 sq. ft. (27.9 sq. m)

*Exception: Exhibitors installing these approved flame retardant materials as coverings may avoid the need to install a fire extinguishing system:*

- A flame retardant material with fusible seams that under low temperatures (176° F / 80° C) will split and open the canopy to allow smoke to rise, activate sprinklers and allow water through the opening
- A flame retardant open mesh material with a minimum 70% opening
- Ceilings that are constructed of open grate design or listed dropout ceilings in accordance with NFPA 13, Standard for the Installation of Sprinkler Systems, shall not be considered ceilings within the context of this section
- Vehicles, boats and similar exhibited products having over 100 sq. ft. (9.3 sq. m) of roofed area shall be provided with smoke detectors (Single station and battery operated or portable smoke detectors meeting the requirements for Household Fire Warning Devices in NFPA 74 are acceptable.)

2. A temporary sprinkler system must be connected to the Convention Center's domestic water system. The MCCA maintains a list of approved, state-licensed fire sprinkler companies authorized to install temporary fire sprinkler systems. The vendor must submit a sprinkler coverage plan to the MCCA Engineering & Maintenance Department for approval.
3. To order a plumbing connection for the sprinkler system before you arrive, click on the "Exhibitor Online Ordering" link from the main MCCA Webpage ([www.massconvention.com](http://www.massconvention.com)).

4. Exhibitor must install at least one (1) single station and battery operated smoke detector on the interior of each covered exhibit or structure regardless of the square footage. The detector must have an audible alarm and be installed per the manufacturer's instructions.
5. Exhibitor must provide a portable, dry chemical fire extinguisher for each level or each covered exhibit or structure. At least one (1) 10 lb. ABC portable type fire extinguisher must be provided for each three hundred (300) square feet. Fire extinguishers must be mounted in a visible location, and be accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

The Massachusetts Department of Public Safety does not permit the use of a fire watch ordered in lieu of a temporary fire sprinkler system as an alternative method for fire safety compliance.

#### PROTECT YOUR EXHIBIT AND MATERIALS

The MCCA is not liable for, nor does the MCCA carry any insurance on, exhibitor property or fixtures. Please bear in mind that all of your exhibit material and displays are your property. Therefore, it is important that you take every precaution to protect this material. Below are some suggestions toward this end:

1. Ship your materials with a qualified carrier and be sure to lock trunks/crates.
2. If cartons are used, be sure that they are securely taped or banded and under no circumstances marked with the name or type of articles contained therein.
3. Be sure to furnish your shipping company with an accurate account and complete bill of lading.
4. Do not leave your booth unattended during the set-up period.
5. Do not leave exhibit material under tables or displays.
6. Do not include exhibit material in containers to be stored with empties.
7. At the close of the exhibit, be sure to pack as quickly as possible and under no circumstances leave your space unattended during this period.

8. If at all possible, have one of your staff remain in your space with your shipment, until it is actually picked up by the drayage contractor's personnel.
9. Promptly report any missing items or suspicious person(s) to Public Safety.

#### SMOKING

The MCEC is a non-smoking facility. Smoking of any tobacco product or electronic cigarette ("e-cigarettes") is NOT allowed in the building at any time. Designated smoking areas are located outside the building.

#### SOLICITATIONS

No solicitations or collections are permitted in the MCEC.

#### VEHICLES AND OTHER MOTORIZED EQUIPMENT

Vehicles that are to be brought into the MCEC must be pre-approved. In some cases, vehicles will not be allowed in the building, and there are restricted areas that vehicles cannot enter. Keys to start the vehicle, as well as any deactivation codes for security features, must be left with the Public Safety Department.

Motorized vehicles are defined as any vehicle that is propelled by an internal combustion engine, such as, but not limited to: automobiles, trucks, buses, farm equipment, construction equipment, motorcycles, snow mobiles, aircraft, watercraft and lawnmowers.

*Motorized vehicles shall:*

1. Be equipped with a locking (or taped) gas cap to prevent the escape of vapors. Fuel tanks shall not have more than three (3) gallons of fuel, or 1/8 tank, whichever is less.
  - a. Exceptions:
    - i. Recreational vehicles (RVs) may have up to 1/4 tank of fuel
    - ii. Aircraft that is on standby status and is required to have a minimal fuel level as determined by the Federal Aviation Administration (FAA) such as MedFlight ®
2. Have at least one (1) battery cable used to start the engine, disconnected and the end of the disconnected battery cable, taped. It is preferred that the positive or "hot" cable be disconnected.

3. Not be moved during exhibit hours. Vehicles may not be started or operated within the exhibit hall for the first 15 minutes after the exhibit hall closes to the public for the day or final closing of the event. No vehicle may be operated on the exhibit hall without a lead person walking in front of the vehicle warning people of vehicle movement.
4. Fueling or defueling of vehicles is prohibited.

## MCCA Services

The MCEC is the exclusive provider of the following services: food & beverage, business center, coat check, electrical, telephone, Internet, plumbing and the supply of compressed airs and gases, the use of the house sound system, rigging, the operation of ground-supported crank-ups, and the operation and provision of lifts for theatrical purposes. Most of these services are available directly to an exhibitor and should be ordered through your Exhibitor Services Center. These exclusive services are subject to prices and conditions on appropriate order forms. Discounts may apply to some services by meeting the advance payment deadlines and conditions noted on the forms.

Exhibitors may order services through the Signature Boston Exhibitor Ordering Site at [www.signatureboston.com](http://www.signatureboston.com). For more information, Exhibitor Services can be contacted at 617.954.2230 or [customerservice@massconvention.com](mailto:customerservice@massconvention.com).

The MCCA is the preferred provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event's preferred provider as detailed in your Exhibitor Kit.

## ATMS

Guests will find ATMs on Level One in the North Lobby and the Wicked Good Market, and on Level 0 East.

## AUDIO/VISUAL SERVICES

The MCEC offers in-house A/V services on a preferred basis, with a preferred audio/visual provider to help provide comprehensive event support and services. All types of audio and visual display devices, screens and computer interfaces are available, along with skilled operators. The MCEC features a digital audio system and extensive use of fiber optic cabling to distribute signals throughout the facility. The MCEC has a clear line of sight to all satellites and dedicated truck

parking spaces, complete with power and signal distribution. The preferred audio/visual provider is the exclusive provider for the use of the in-house sound systems. All other A/V companies must bring in a stand-alone speaker system.

## BOOTH PACKAGES

Services cannot be resold or bundled as a package without prior written approval.

## BUSINESS CENTER

The MCCA in-house vendor is the exclusive service provider of the Business Center. From simple documents to complex projects and on-going programs, the MCCA business center will provide document management solutions to meet your needs. The document solutions capabilities include: copying and digital printing, document production, supplies, computer services, electronic file submission, signage, custom printing services, document distribution, pack and ship options, express and ground service, fax service with delivery of incoming messages, and desktop/word processing.

## SATELLITE SERVICES

The MCEC has a clear line of sight to all satellites and convenient parking spots for uplink and downlink trucks. Power and signal distribution is available at all truck locations. Please contact Exhibitor Services for more details and pricing.

## Transportation

### PUBLIC TRANSPORTATION

We strongly encourage you to promote public transportation as an efficient option for your attendees and exhibitors. Public transportation in the Boston area is provided by the Massachusetts Bay Transportation Authority (MBTA or "The T"). A number of excellent public transportation options are available for service to and from the MCEC. South Station, the premier regional transportation center, is a ten-minute walk from the front door of the MCEC. Services available at South Station include the MBTA's Red and Silver lines, Amtrak regional service, bus service, and commuter rail.

### TAXI AND RIDESHARE INFORMATION

MCCA staff will coordinate with the individual taxicab companies and the Boston Hackney Division for the needs of each event. Assigned staff will manage taxi service logistics. Level One, North Entrance at 415 Summer Street is the

required location for taxicab drop-off and pick-up. This taxi stand location will be separate from the other transportation operations for the event. MCCA Transportation staff will monitor the volume of taxis, and will request more from the taxicab companies as needed throughout the event.

Rideshare vehicles (such as Uber & Lyft, etc.) are only permitted to pick up and drop off at designated locations. These locations are event-specific, and will appear in the app when you open it to request a vehicle. Signs will be posted throughout the MCEC to direct you to the proper pick-up location.

### PRIVATE CHARTER SERVICE

Any exhibitor wishing to pick up or drop off a private charter shuttle on-site must request a staging area from the MCCA Transportation Department. All requests must be made in advance by emailing [MCCATransportationServices@signatureboston.com](mailto:MCCATransportationServices@signatureboston.com). Requests must include the name of the event, the date & time of the trip, name of the bus company, and number of vehicles being used.

Exhibitors may contract directly with the MCCA to provide charter services. Please email [MCCATransportationServices@signatureboston.com](mailto:MCCATransportationServices@signatureboston.com) to request a quote for services.

### PARKING

The MCEC currently maintains 1,343 parking spaces in the South Parking Lot. There are also 200 parking spaces that are utilized for valet parking. Please keep in mind that there is no 24-hour parking or overnight parking at the MCEC. In-and-out privileges are only available to those who purchase Exhibitor Parking Passes (only offered for select events, please contact Exhibitor Services with any questions). Any vehicle left at the MCEC overnight is subject to tow at the owner's expense.

For larger events where the amount of parking available on-site is expected to be insufficient to meet the needs of a particular event, the MCCA Transportation Department will work with local parking lots and garages to create an overflow parking plan. Vehicles will be sent off-site, and attendees will be provided with either walking directions back to the MCEC or a shuttle depending on the distance of the parking lot from the MCEC.

Please note that during events where parking is expected to fill the MCCA will restrict parking on-site to single-spaced vehicles only. Exhibitors arriving with box trucks or vehicles with trailers in tow will be directed to park off-site, and will not be permitted into the South lot until the conclusion of the event.

### PARKING ON LOADING DOCK

Exhibitor staff members parking on the loading dock and displaying their loading dock parking pass on the dashboard of the motor vehicle for the purpose of unloading cargo have a limit of 20 minutes in order to do so. Exhibitor staff remaining in the loading dock area beyond the 20-minute limit, and/or who do not properly display a valid loading dock parking pass, subject themselves to towing at the vehicle owner/operator's risk and expense.

### ADA PARKING

There is an ADA area in the South Parking Lot, in the rear of the facility. Parking is available in these spaces for the same rate as standard self-parking. From there, there is a handicap-accessible sidewalk to Level Zero, where there is an entrance to the MCEC through the Southeast lobby.

# Levy Restaurants MCEC Authorization Request

## *Sample Food and/or Beverage Distribution*

Levy Restaurants has exclusive food and beverage distribution rights within the Thomas Michael Menino Convention and Exhibition Center (MCEC) and has the responsibility to the City of Boston to strictly regulate any food and beverage activity within the MCEC. Any vendor looking to sample product in their booth must reach out to their Catering Sales Manager with Levy to obtain the appropriate paperwork.

**The Selling of Food and/or Beverage products by any other entity is strictly prohibited.**

Sponsoring Organizations of expositions and trade shows, and/or their exhibitors, may distribute SAMPLE SIZE food and/or beverage products ONLY upon written authorization and adherence to ALL of the conditions outlined below.

  - a. Non-Alcoholic Beverages limited to maximum of **4 oz.** Sample Size, served in biodegradable (or plastic) cups. No cans or bottles will be permitted.
  - b. Alcoholic beverage sampling is permitted only if you are the manufacturer or distributor of the beverage. Alcoholic beverages must be "sample" sizes (**2 oz. for beer/wine, .25 oz for liquor**) and can only be served by a licensed Levy Restaurants bartender.
  - c. Food items are limited to "bite size", **not to exceed 2 oz. portions** or a 2 oz. prepackaged samples.
  - d. All food/beverage items brought in are required by the Boston Health Department to have a temporary Health Permit-, Food License/Registration. This includes prepackaged food samples, samples not intended for consumption on the show floor, and bottled water.

## **YOU MUST MEET THE CONDITIONS LISTED TO SAMPLE.**

Any Food and Beverage brought on premises without the written authorization from Levy Restaurants, the MCEC and Show Management is strictly prohibited.

**UNUSED FOOD OR BEVERAGE PRODUCT** that requires pick-up or shipment after the show/event is the responsibility of the Company that is sampling the product.

**FOOD AND BEVERAGE RELATED SERVICES** including storage, delivery, or any other service required for Food and/or Beverage products brought from the outside are not the responsibility of and will NOT be provided by Levy Restaurants.

If these services are required the following charges will assessed:

1. \$150.00 for a small visi cooler, per day
2. \$300.00 for a large double visi cooler, per day
3. \$25.00 per drop off and per pick-up for steward
4. \$150.00 per day minimum for dry or refrigerated storage, per pallet
5. \$10.00 per 5 pound bag of ice

*Both the refrigerator and cooler require stewarding labor to drop off and retrieve the equipment. A security deposit of \$250 per piece of equipment will also apply.*

**SHIPPING/RECEIVING** Please note that only product you expect to be prepared by, stored by and delivered by Levy Restaurants should be shipped to Levy Restaurants. Please see the Shipping Label, fill it out and ensure it is used properly to ensure proper receiving of your product. You must contact Levy Restaurants prior to shipping items – items not expected will not be received. For all Food and Beverage not purchased through Levy Restaurants, all standard fees mentioned above will be charged where applicable, including 22% Administrative Fee and Applicable Sales Tax.

# SERVICE STANDARDS AND FAQ'S

## SAMPLING

Exhibitor/event participant must be the manufacturer or manufacturer's representative of the product to be sampled.

Sample sizes are as follows:

Alcoholic Beverages Must Be Obtained Through Levy Approved Distributors  
Contact your Catering Sales Manager

Food  
Not more than 2 ounces

Non-Alcoholic Beverages  
Not more than 4 ounces

If the exhibitor/event participant meets the above criteria, submit the Authorization Form for approval. Your request will be processed and written approval will be sent to you. Food and beverage marketing/sampling activities must be conducted within the confines of the exhibitor's booth space. Approved sampling is subject to City Approval and Appropriate Temporary Health Permit Fees.

## ELECTRICAL NEEDS

All electrical needs for food and beverage items are included with the catering orders. Please contact your general contractor to confirm adequate power is available for the food and beverage items. Any menus/items that require additional power are marked with an "\*\*E".

## SERVICE YIELDS

1 gallon equals 10-12 servings  
1 pound equals 10-12 servings

## CATERING CONTRACTS

A signed copy of the contract outlining all catering services must be returned to your Catering Sales Manager prior to the event before services will be confirmed or performed. The signed contract, terms, addendums, and specified function sheets constitute the entire agreement between the client and Levy Restaurants. For larger events, your Catering Sales Manager will outline the payment and contract process.

## LABOR CHARGE

Additional attendants or service staff may be requested over and above our normal staffing level for your event. The charge is \$43.75 per hour, per attendant, with a four-hour \$175 minimum. Charges for specialized services, such as carvers, chefs, and bartenders are noted in the menu.

## GUARANTEES

To provide the highest quality and service, a guaranteed number of attendees/quantities of food is required. Please contact your Catering Sales Manager for additional information. If the guarantee is not received by the date stated on the contract, Levy Restaurants will assume the number of persons/quantities specified on the original contracted event is the minimum guarantee. Attendance or consumption higher than the minimum guarantee will be charged as the actual attendance/consumption.

## BAR SERVICES

For all events with alcohol service, a certified Levy Restaurants bartender is required. Bartenders are charged at \$175 per bartender with a 4 hour minimum. Each additional hour or portion thereof will be \$43.75 per bartender. Alcohol cannot be brought into or removed from the premises.

Note:  
ALL BARS MUST ACCOMPANY FOOD SERVICE

## DIETARY RESTRICTIONS

## NITRO COLD BREW

Turn the spotlight on your booth with our Nitro Cold Brew!

We start with 100% Arabica beans steeped for 16 hours resulting in cold brew that's delightfully low in acidity with natural sweet notes.

Using nitrogen gas to infuse the brew your professionally trained team pours from the tap, resulting in a velvety, creamy texture and a cascading finish.

As an alternative this service also comes with straight up Cold Brew, both versions can be customised to suit your tastes with a full range of gourmet organic flavoured syrups and milks (both regular and plant based) on hand for a super tasty, unique, and refreshing cold drink experience.

We can switch this up even further (on request) and sub out the Cold Brew for Nitro Matcha, Beet or Turmeric Lattes!

### POWER REQUIREMENTS:

Nitro kegerator: 24 hour, 115 volts 3 amp

\*500 DRINKS PER DAY (10OZ) and two expert Baristas

The information contained in this brief outline does not by any means cover completely the ordinances and regulations contained in the local Fire Prevention Code.

The following are basic rules governing concessions, exhibits, and shows in any building open to the public:

1. All curtains, drapes and decorations must be constructed of flameproof material, or treated with an approved flameproofing solution. (Treatment shall be renewed as often as may be necessary to maintain the flameproofing effect.)
2. No combustible materials, merchandise or signs shall be attached to, hung from, or draped over flameproofed side and rear divider draperies of booths or attached to table skirting facing aisles, unless flameproofed.
3. All exits, hallways and aisles leading from buildings or tents are to be kept clear and unobstructed at all times.
4. No exit door shall be locked, bolted or otherwise fastened or obstructed at any time an exhibit building is open to the public. Moreover, it shall be unlawful to obstruct, or reduce in any manner, the clear width of any doorway, hallway, passageway or other means of egress. Additionally, all required exits shall be so located as to be discernible and accessible with unobstructed access thereto.
5. Access through turnstiles, gates, rails or similar devices shall not be permitted unless such a device is equipped to swing readily in the direction of exit travel under a total force of not more than 15 pounds and/or prior approval of the Fire Marshal.
6. All sawdust, shavings, hay and straw shall be flameproofed, stored and maintained in a manner approved by the Fire Marshal.
7. Automobiles, trucks, tractors, machinery and other motor vehicles utilizing flammable fuels, which are placed on display inside any building shall have no more than two (2) gallons of fuel in the tank; all fuel tanks shall be locked or effectively sealed and battery cables shall be disconnected from the ignition system. Ignition keys for vehicles on display shall be kept by a responsible person at the display location for removal of such vehicles from the building in the event of an emergency.
8. There shall not be any gasoline powered forklifts or carts allowed in a place of assembly. Exceptions: Propane or electric vehicles are allowed.
9. The use of liquefied petroleum gases inside buildings, tents or other areas is strictly prohibited, except for demonstration purposes when approved by the Fire Marshal. Maximum LPG allowed for exhibition purposes is a six (6) pound cylinder.
10. "No Smoking by Order of Fire Marshal" signs shall be posted and maintained in areas designated by the Fire Marshal.
11. Provide for daily removal and disposal of trash and rubbish from buildings and tents.
12. All electrical wiring shall be installed in a manner approved by the City Chief Electrical Inspector.
13. Provide and maintain approved fire extinguishing equipment in all areas as designated by the Fire Marshal.
14. All standpipe and hose cabinets shall be kept clear and unobstructed at all times.
15. All appliances fired by natural gas shall be approved by the City Chief Mechanical Inspector and Fire Marshal before being used.
16. The use of welding and cutting equipment for demonstration purposes must be by permit from the Fire Marshal.
17. Cylinders of compressed gases are prohibited unless approved by the Fire Marshal, and shall be secured in a vertical or horizontal position depending on the tank use and design.
18. The operator or the person in charge of operation or use of any place of assembly or education shall check egress facilities before such building is occupied for any use. If such inspection reveals that any element of the required means of egress is obstructed, inaccessible, locked, fastened or otherwise unsuited for immediate use, admittance to the building shall not be permitted until necessary corrective action has been completed.
19. There shall not be any obstructions blocking exit doors from the outside of any building such as autos parked in doorways or barricades across sidewalks.
20. No curtains, drapes or decorations shall be hung in such a manner as to cover any exit signs.
21. No vehicles shall be parked in fire lanes outside of buildings.
22. No flammable liquids shall be used or admitted inside of buildings except by approval of the Fire Marshal.
23. Artificial lighting such as lanterns and candles are prohibited.
24. The use of all gas-fired heating units, either portable or stationary, shall meet the approval of the City Chief Mechanical Inspector and the Fire Marshal. The use of the so-called "salamander" stove is strictly prohibited.
25. All cooking appliances shall be equipped with ventilating hoods and equipment as deemed necessary by the Fire Marshal, but in any instance such equipment shall be installed in accordance with provision of the City Building and Fire Codes. However, countertop fryers not exceeding 15 lbs. of oil may be used without the necessary ventilating hood and surface protection requirements. Additionally, the exhibitor shall be allowed no more than one (1) fryer per booth and shall provide two (2) ten (10) pound B.C. extinguishers, positioned on both sides of said fryers. All cooking appliances shall be listed by a National Testing Agency: i.e. Underwriters Laboratory or Factory Mutual.
26. Booth and seating plans must be approved by the Fire Marshal. Submit plans to the Fire Marshal no later than 15 days before set-up date.
27. There shall not be any ticket booths, tables or any other display setup in the lobby without the prior approval of the Fire Marshal.
28. All aisles shall be maintained at a minimum of ten (10) feet clearance.
29. All covered structures in excess of ninety (90) square feet in area shall be protected by an automatic fire detection system approved by the Fire Marshal.
30. All floor plans submitted shall be totally representative of the halls, rooms and/or areas in which the events are held in, such as the location of manual pull stations, fire hose standpipe closets, exits, aisles and man doors in air walls, etc.
